n-778C: The field liaison added 55 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Y#52: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 38 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

J&80: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 35 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

34/P4: Record CF-222. The file preserves the following case entry. What percentage of the total number of spools are black, given that there are $(28 + 30)$ black spools in one box, 124 black spools in another box, 66 white spools in a third box, and 77 white spools in a fourth box? The entry was retained with the case materials for review.

65C195: The review panel recorded 57 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

8p58: Record 88-362. The file preserves the following case entry. At the zoo, there are $(6 + 12)$ lions. If there are two-thirds as many tigers as lions, how many big cats are at the zoo? The entry was retained with the case materials for review.

934: For the current case, the operations desk assembled 30 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains

open while staff check the original observations. A later memo will summarize which issues were resolved.

3z23: A liaison maintained 59 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.
