92W722: Record 30-187. The file preserves the following case entry. Rahul has 14 containers of icing in his pantry. Each container of icing can frost 19 brownies. Rahul wants to bake eppoh brownies to use up all of his icing. If each pan holds (2 + 5) brownies, how many pans worth of brownies should he bake? The entry was retained with the case materials for review.

S#63: The morning desk received 21 messages, including 7 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

### 9v99: 2. Topic and conditions update

r-230R: Several field notes refer to gomez, wants, and purchase. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

U61: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

S27: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

Q70: The support team has received related comments about gomez, wants, and purchase; some mention weather conditions and others concern routine service access. The note was retained for the next review.

### C11: 3. Related observations and service notes

K97: The support desk has received several comments related to gomez, wants, and purchase. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

G&10: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

79/R9: Record ED-626. The file preserves the following case entry. A family consists of a father who drinks 5 cups of coffee per day, a mother who drinks (2 + 2) cups per day, and their daughter who drinks 2 cups per day. How many cups of coffee does this family consume in one week? The entry was retained with the case materials for review.

P#05: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

### 7p07: 3.1 Coordination and records

39U969: Record DF-179. The file preserves the following case entry. What is the difference in ride length between the longest and second longest water slides at a water park, where the longest slide is 300 feet long with a speed of 60 feet per minute, and the second longest slide is 240 feet long with a speed of  $(37 + 43)$  feet per minute? The entry was retained with the case materials for review.

M894: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

#### Z#31: 4. Facilities and meeting logistics

32/E2: The east meeting room is reserved for 22 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.
