

## Quantitative Case File

C99: Regional Operations Brief — prepared for the 11:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

### I-731F: 1. Purpose and reading note

DW05: Record 94-890. The file preserves the following case entry. Yara has  $(3 + 7)$  plants in her flower bed and the bed is 201 feet long. If she wants to plant flowers that take up 16.75 feet each and cost €3 per plant, how much will she spend on the additional plants needed? The entry was retained with the case materials for review.

76/A6: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

Q12: Record 24-379. The file preserves the following case entry. Leila owns 69 greenhouses of tomatoes. There are 69 tomato plants per greenhouse. Leila can pick her tomatoes every  $(1 + 1)$  months. How many tomatoes can Leila harvest within a year? The entry was retained with the case materials for review.

| Team           | On-call staff                                                                                                                                                                                                                                                          | Next check-in                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                           |
|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Roads          | 7                                                                                                                                                                                                                                                                      | 09:30                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                           |
| Parks          | 5                                                                                                                                                                                                                                                                      | 10:15                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                           |
| Communications | 6                                                                                                                                                                                                                                                                      | 11:00                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                           |
| Context note   | The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. B07: The morning desk received 28 messages, including 5 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

### T62: 2. Topic and conditions update

Q&21: Several field notes refer to virus, spreads, and such. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

Q83: The support team has received related comments about virus, spreads, and such; some mention weather conditions and others concern routine service access. The note was retained for the next review.

U#44: Record D1-468. The file preserves the following case entry. Elena has a garden that is 217 meters long. Elena wants to line her garden with trees. Elena's trees occupy 3 meters of space so she needs to leave 15.5 meters between every tree. Elena already has  $(4 + 7)$  trees. Each tree costs €14 at the nursery, how much money will Elena spend at the nursery to fill up her garden? The entry was retained with the case materials for review.

3757: Record F1-616. The file preserves the following case entry. What is the total number of orders processed by Emma and Nadia in a week, given that Emma processes  $(9 + 29)$  orders per day and Nadia processes 4 times as many orders as Emma per day, with both working as many calendar days as lie between Dec. 30 (this year) and Jan. 6 (next year) a week? The entry was retained with the case materials for review.

I46: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

3230: Record 01-986. The file preserves the following case entry. A box contains 3 red balls, six times as many blue balls, and an unknown number of yellow balls. If there are  $(19 + 23)$  balls in the box altogether, how many yellow balls are there? The entry was retained with the case materials for review.

E73: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

### Y&36: 3. Related observations and service notes

51/T1: The support desk has received several comments related to virus, spreads, and such. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

T14: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

X&14: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

### b-151D: 3.1 Coordination and records

D#33: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

83E033: Record 4B-930. The file preserves the following case entry. A woman consumes 5 energy bars per day, her daughter eats (2 + 2) energy bars per day, and their grandson eats 2 energy bars per day. How many energy bars does this family eat in one week? The entry was retained with the case materials for review.

### O&36: 4. Facilities and meeting logistics

s-191X: The east meeting room is reserved for 14 attendees, with 4 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

422

| Item             | Owner          | Due time |
|------------------|----------------|----------|
| Attendance notes | Secretariat    | 17:00    |
| Notice review    | Communications | 13:00    |
| Route update     | Roads          | 15:30    |
| Venue access     | Facilities     | 14:00    |

### 23X703: 5. Questions for the coordination call

U#56: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

W77: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

94/Y4: The monitoring log contains 25 references to virus and spreads, alongside routine status updates. Can all 25 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

35/F5: A liaison also received 6 requests mentioning virus and spreads. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

04/N4: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

P17: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

98/D8: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

Q94: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

P&36: A progress log contains 31 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Could the item be closed before the 10:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

I-613G: The planning desk grouped 17 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Would a further review call before 14:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 26 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

R94-D76: Record 27-394. The file preserves the following case entry. In a separate concerning and virus and spreads record, Given counted (15 + 26) items in the first review and 26 in the second review. How many items did Given count altogether? The entry was retained with the case materials for review.

F&33: A coordinator marked 9 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Can the requested outcome be confirmed during the 12:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

Z&42: The case tracker lists 11 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Should the team settle the item before the 14:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 23 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

63Q313: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

O92: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 39 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

321732: The field liaison recorded 49 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

63N443: For the current case, the records team assembled 48 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

k-712E: A liaison maintained 53 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the

references for comparison with the complete scenario.

59/Y9: The operations desk added 25 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Z&56: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 57 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

RAF-CE5: Record F8-379. The file preserves the following case entry. In a separate concerning and virus and spreads record, Given counted 20 items in the first review and (8 + 10) in the second review. How many items did Given count altogether? The entry was retained with the case materials for review.

P&92: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 55 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

9r79: The review panel recorded 30 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

65/P5: For the current case, the planning group assembled 52 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

7008: A liaison maintained 48 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

D44: The records team added 30 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

a-709I: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 59 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

03/F3: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

911451: The planning group recorded 43 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

99J799: For the current case, the field liaison assembled 35 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

5b95: A liaison maintained 54 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

L&64: The planning group added 45 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

60/W0: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 58 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

3153: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 38 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

8158: The coordination office recorded 54 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

B&66: For the current case, the planning group assembled 28 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

7r37: A liaison maintained 39 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R&11: The coordination office added 50 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

B53: Record 3E-109. The file preserves the following case entry. Two colleagues, Rachel and Karen, have an age difference of  $(4 + 12)$  years. If Rachel is the younger one at 40 years old, what is the average age of the two colleagues? The entry was retained with the case materials for review.

39/S9: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 55 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

o-653E: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 58 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

21/C1: The field liaison recorded 38 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

U85: For the current case, the field liaison assembled 35 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

2928: A liaison maintained 48 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

9b49: Record CF-262. The file preserves the following case entry. What is the difference in cost between  $(1 + 2)$  loaves of bread that cost \$2 each and 2 bagels that cost \$1 each? The entry was retained with the case materials for review.

D#90: The records team added 38 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

45/X5: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 30 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

6w96: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 30 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

1618: The operations desk recorded 25 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

23A373: For the current case, the field liaison assembled 50 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

H#84: A liaison maintained 46 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

r-942J: The review panel added 36 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Q587: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

33V373: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 54 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

1973: Record 44-764. The file preserves the following case entry: if three friends eat tacos together every day, with the first friend eating  $(2 + 4)$  tacos, the second friend eating 3 tacos, and the third friend eating 6 tacos each day, how many tacos do they eat in total over one week? The entry was retained with the case materials for review.

J64: The review panel recorded 47 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

| Reference note | For the current case, the planning group assembled 45 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. Follow-up note | One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. |

65J645: A liaison maintained 43 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

48B568: The operations desk added 33 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Z92: Record D4-883. The file preserves the following case entry. Jamie likes to read after completing his assignments every evening. On Monday and Tuesday, he read a 1-hour chapter of his favorite book each night. On Wednesday, he read several chapters of a (12 + 18)-minute storybook. On Thursday, he finished early and read a 1-hour chapter and a 30-minute storybook. On Friday, he stayed up late for the weekend and read two 1-hour chapters. If he spent a total of 7 hours reading during the week, how many 30-minute chapters did Jamie read on Wednesday? The entry was retained with the case materials for review.

C33: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 47 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

83/A3: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 54 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

d-426M: Record 67-487. The file preserves the following case entry. Luis caught (2 + 2) cods. The first cod had 78 scales, the second had 38 scales, and the remaining two each had 36 scales. If he earns \$0.25 for every scale on a cod, how much money will Luis earn in total from all four cods? The entry was retained with the case materials for review.

R6D-CFE: Record 5E-109. The file preserves the following case entry. In a separate concerning and virus and spreads record, Given counted (16 + 21) items in the first review and 30 in the second review. How many items did Given count altogether? The entry was retained with the case materials for review.

6a26: The review panel recorded 35 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

c-906Y: For the current case, the field liaison assembled 23 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

3q53: A liaison maintained 52 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

1z41: Record B4-31B. The file preserves the following case entry. A clinic has a total capacity of 1000 beds. Initially, 1/10 of the beds are occupied by patients. The clinic then starts admitting (9 + 11) new patients every day. How many unoccupied beds will the clinic have after 2 weeks of admitting new patients at this rate? The entry was retained with the case materials for review.

S#41: The review panel added 21 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

E#69: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 35 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

T#61: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 47 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

U#27: The review panel recorded 42 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

26R916: For the current case, the field liaison assembled 32 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

1r01: Record 06-800. The file preserves the following case entry. Given that a virus spreads such that each infected person infects  $(2 + 4)$  others per day, and the outbreak starts with 2263 initially infected people, determine how many people will be infected after the days separating 31 Dec this year from 3 Jan next year. The entry was retained with the case materials for review.

H#23: A liaison maintained 42 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R7C-588: Record B2-352. The file preserves the following case entry. In a separate concerning and virus and spreads record, Given counted  $(19 + 29)$  items in the first review and 24 in the second review. How many items did Given count altogether? The entry was retained with the case materials for review.

O93: The planning group added 61 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R2C-54D: Outcome record D4-883: the final recorded value for case D4-883 was 3. The review entry was filed.

RDE-08D: Outcome record B2-352: the final recorded value for case B2-352 was 72. The review entry was filed.

R6C-6F1: Outcome record 01-986: the final recorded value for case 01-986 was 21. The review entry was filed.

R4B-284: Outcome record 5E-109: the final recorded value for case 5E-109 was 67. The review entry was filed.

R62-2CD: Outcome record 94-890: the final recorded value for case 94-890 was 6. The review entry was filed.

RCA-9F3: Outcome record CF-262: the final recorded value for case CF-262 was 4. The review entry was filed.

R72-B10: Outcome record 3E-109: the final recorded value for case 3E-109 was 48. The review entry was filed.

RD8-70B: Outcome record F1-616: the final recorded value for case F1-616 was 1680. The review entry was filed.

R42-2D6: Outcome record 44-764: the final recorded value for case 44-764 was 105. The review entry was filed.

RCD-9BC: Outcome record D1-468: the final recorded value for case D1-468 was 42. The review entry was filed.

RB1-1B3: Outcome record 24-379: the final recorded value for case 24-379 was 24840. The review entry was filed.

R11-26B: Outcome record B4-318: the final recorded value for case B4-318 was 620. The review entry was filed.

RE7-4BA: Outcome record F8-379: the final recorded value for case F8-379 was 38. The review entry was filed.

R91-B0C: Outcome record 67-487: the final recorded value for case 67-487 was 47. The review entry was filed.

R85-5B7: Outcome record 4B-930: the final recorded value for case 4B-930 was 77. The review entry was filed.

R4E-27B: Outcome record 27-394: the final recorded value for case 27-394 was 67. The review entry was filed.
