

Quantitative Case File

c-043X: The monitoring log contains 25 references to the requested result and the scenario, alongside routine status updates. Can all 25 references be reviewed before the 16:00 check-in? The review lead will decide on the next step after checking the files.

V73: A liaison also received 5 requests mentioning the requested result and the scenario. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

T#60: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

9z39: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

80/M0: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

8020: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

8m18: A progress log contains 27 entries associated with the current case. At the review, the open item was restated as: If there have been 28 matches, how many goals has he scored in total? Could the item be closed before the 13:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 15 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

5m05: The planning desk grouped 26 follow-up notes under the same request. One note asks: If there have been 28 matches, how many goals has he scored in total? Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

R9E-E51: Record F3-657. The file preserves the following case entry. In a separate goals and scored and total record, the case owner counted (7 + 14) items in the first review and 21 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

Y93: A coordinator marked 13 status updates for later attention. The accompanying prompt reads: If there have been 28 matches, how many goals has he scored in total? Can the requested outcome be confirmed during the 9:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 30 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

1240: The case tracker lists 13 pending references for the briefing. Its next action item repeats: If there have been 28 matches, how many goals has he scored in total? Should the team settle the item before the 12:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 26 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

74B454: The operations desk prepared a detailed briefing note about there, have, been, matches, how. It logged 43 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

J01

Section	Details
Reference note	A working summary for there, have, been, matches, how was circulated among the records team. The summary lists 28 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

W&31: Record 06-520. The file preserves the following case entry. If Roya needs to peel and cook (85 + 95) onions, and she can peel onions at a rate of 5 onions per minute, with each batch consisting of 45 onions taking as many minutes as between 11:57 p.m. and 12:13 a.m. to cook, what is the total time in minutes that Roya will spend peeling and cooking all the onions (assuming she can only cook one batch at a time and must finish peeling all the onions before starting to cook)? The entry was retained with the case materials for review.

Q#23: The review panel recorded 35 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

G&74: For the current case, the review panel assembled 24 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

z-500J: A liaison maintained 62 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

u-996N: Record C9-132. The file preserves the following case entry. Carlos is a soccer player. He scored 13 goals in each of the last 10 matches, no goals in the first 13 matches of the season, and one goal in every other match. If the season had 28 matches, how many goals did he score in total? The entry was retained with the case materials for review.

69/F9: The records team added 18 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

85/B5: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 30 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

9k09: A working summary for there, have, been, matches, how was circulated among the field liaison. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

G#94: The field liaison recorded 26 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

87/I7: For the current case, the review panel assembled 54 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

G#56: A liaison maintained 24 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

8522: The field liaison added 64 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Y&26: The operations desk prepared a detailed briefing note about there, have, been, matches, how. It logged 21 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could

the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

P&15: A working summary for there, have, been, matches, how was circulated among the review panel. The summary lists 21 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

69F479: The records team recorded 56 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

B#25: For the current case, the review panel assembled 48 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

s-841F: A liaison maintained 42 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

83W083: The planning group added 34 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

J#66: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 49 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

J#86: A working summary for there, have, been, matches, how was circulated among the planning group. The summary lists 42 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

V&65: Record DF-854. The file preserves the following case entry. A hotel has a capacity of 1900 suites with 2/4 vacant. Due to a music festival, 30 tourists check-in to the hotel each day. Calculate the total number of vacant suites in the hotel after (1 + 1) weeks. The entry was retained with the case materials for review.

58/G8: The planning group recorded 21 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Q#11: For the current case, the coordination office assembled 62 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

I&82: A liaison maintained 39 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

94C964: The planning group added 58 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

16Z566: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 45 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

H&32: A working summary for there, have, been, matches, how was circulated among the review panel. The summary lists 39 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

B#86: The records team recorded 29 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

R42: Record 2A-837. The file preserves the following case entry. How many total pieces did Yara complete if she initially completed 650 pieces and then did 2/5 of an additional (66 + 74) pieces? The entry was retained with the case materials for review.

G&33: For the current case, the coordination office assembled 27 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. A related note in the file stated: Carlos is a soccer player.

40E830: A liaison maintained 31 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

P#34: The coordination office added 61 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

b-534Z: The records team prepared a detailed briefing note about there, have, been, matches, how. It logged 44 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

U55: A working summary for there, have, been, matches, how was circulated among the field liaison. The summary lists 37 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

69/P9: The review panel recorded 38 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

51T601: For the current case, the review panel assembled 23 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

R82: A liaison maintained 59 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

1x41: The field liaison added 29 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

E#31: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 36 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

85Q665: A working summary for there, have, been, matches, how was circulated among the operations desk. The summary lists 18 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

W75: The operations desk recorded 45 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

3087: For the current case, the review panel assembled 31 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

34/G4: A liaison maintained 38 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

R7F-7B2: Record 8D-444. The file preserves the following case entry. In a separate goals and scored and total record, the case owner counted (12 + 17) items in the first review and 16 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

55/G5: The review panel added 23 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

X#30: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 56 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

Z65: Record 40-930. The file preserves the following case entry. Halley's Comet passes by Earth every 50 years. Emma's grandmother observed the comet when she was (9 + 19) years old. Emma witnessed the comet again when she was twice the age her grandmother was during her observation. How old was Emma when she first saw Halley's Comet? The entry was retained with the case materials for review.

a-219R: A working summary for there, have, been, matches, how was circulated among the review panel. The summary lists 58 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

L&96: The field liaison recorded 55 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Y&76: For the current case, the operations desk assembled 58 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

3n43: A liaison maintained 63 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

27/K7: The operations desk added 25 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

75E665: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 38 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

D#10: Record 77-750. The file preserves the following case entry. A craft store has (31 + 42) small jars of pastel purple paint, 140 large jars of pastel purple paint, 60 small jars of pastel blue paint, and 82 large jars of pastel blue paint. What

percent of the jars are purple? The entry was retained with the case materials for review.

g-469R: A working summary for there, have, been, matches, how was circulated among the planning group. The summary lists 33 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

RBC-0E2: Record 16-331. The file preserves the following case entry. In a separate goals and scored and total record, the case owner counted (11 + 22) items in the first review and 19 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

7926: The records team recorded 48 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

38/T8: For the current case, the planning group assembled 38 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

D&92: A liaison maintained 59 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

O#54: The coordination office added 48 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

t6P326: The records team prepared a detailed briefing note about there, have, been, matches, how. It logged 56 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

D#49: A working summary for there, have, been, matches, how was circulated among the planning group. The summary lists 47 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

Z&22: The planning group recorded 35 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Y#49: For the current case, the planning group assembled 53 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

66N696: A liaison maintained 42 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

09/M9: The field liaison added 53 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

15A515: The review panel prepared a detailed briefing note about there, have, been, matches, how. It logged 60 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

H&20: A working summary for there, have, been, matches, how was circulated among the planning group. The summary lists 56 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

C#69: The coordination office recorded 52 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

8486: Record 8D-914. The file preserves the following case entry. Winnie had ¥82.3. She bought (6 + 16) bags of nuts, each costing ¥0.65. How much money does she have left after her purchase? The entry was retained with the case materials for review.

r-176Y: For the current case, the review panel assembled 18 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

8666: Record C2-461. The file preserves the following case entry. How many tickets can each graduate receive if there are 8400 total seats available, 900 seats reserved for graduates, and 300 seats reserved for faculty? The entry was retained with the case materials for review.

07/R7: A liaison maintained 19 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

2928: The planning group added 22 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

2058: Record DB-840. The file preserves the following case entry. Rahim harvested (2 + 2) watermelons last Thursday, the first watermelon he harvested weighs 47 kgs, the second watermelon he harvested weighs 55 kgs, and the last watermelon he harvested weighs 24 kgs. If a kg of watermelon costs ¥1.0, how much will he earn after selling all the watermelons to the local market? The entry was retained with the case materials for review.

V#69: The field liaison prepared a detailed briefing note about there, have, been, matches, how. It logged 58 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

1045: Record 20-298. The file preserves the following case entry. Alex has three times as many Instagram followers as Maria. David has four times as many followers on Instagram as Maria. If Alex has (3 + 9) followers on Instagram, how many Instagram followers does David have? The entry was retained with the case materials for review.

Q#65: A working summary for there, have, been, matches, how was circulated among the planning group. The summary lists 48 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

89T769: Record 99-952. The file preserves the following case entry. Astrid is trying to decide whether to manage her investments personally or employ a financial advisor. If she manages them personally, she'll have (2 + 7) additional hours available for freelance work, earning □93/hour. The financial advisor charges □148. How much more money will she have if she employs the financial advisor? The entry was retained with the case materials for review.

58V848: The operations desk recorded 62 status entries connected with there, have, been, matches, how. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

25/H5: For the current case, the review panel assembled 55 background notes concerning there, have, been, matches, how. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

a-366S: Record F6-237. The file preserves the following case entry. Lucy owns 10 hectares of an apple orchard, with (49 + 51) apples growing per hectare. She can pick her apples every 3 months. How many apples can Lucy pick in a year? The entry was retained with the case materials for review.

89J349: A liaison maintained 39 reference points for the discussion of there, have, been, matches, how. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

x-292O: Record 64-777: The file preserves the following case entry. What is the amount of money Amelia saves by hiring an accountant to do her taxes, given that she would have spent (2 + 2) hours on it herself at an hourly rate of €65 and the accountant charges €89? The entry was retained with the case materials for review.

R36-466: Record D2-850: The file preserves the following case entry. In a separate goals and scored and total record, the case owner counted 21 items in the first review and (11 + 15) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

f-660S: The planning group added 31 items to a tracking sheet related to there, have, been, matches, how. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

17/M7: The field liaison prepared a detailed briefing note about there, have, been, matches, how. It logged 44 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for there and have and been preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.
