

## Quantitative Case File

0b30: Regional Operations Brief — prepared for the 9:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

### 54K564: 1. Purpose and reading note

Z#13: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

7824: Record BD-179. The file preserves the following case entry. Isaac has 2908 online friends. He blocked 4 of them. They each send 4 messages a week that are 6 lines long. He responds in kind. He can type a line every the same number of minutes as 11:55 PM to 12:00 AM. How many hours does he spend typing a week? The entry was retained with the case materials for review.

1t21: Record F3-810. The file preserves the following case entry. Amelia earns €65 per hour at her job. It takes her  $(2 + 2)$  hours to do her own taxes, or she can hire an accountant who charges €89 and would complete the work in less time. How much money does Amelia save by hiring the accountant instead of doing her taxes herself, considering only lost earnings versus the accountant's fee? The entry was retained with the case materials for review.

## 65Q195: 5. Questions for the coordination call

5807: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

10/L0: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

7157: The monitoring log contains 17 references to Isaac and online, alongside routine status updates. Can all 17 references be reviewed before the 15:00 check-in? The review lead will decide on the next step after checking the files.

P#91: A liaison also received 4 requests mentioning Isaac and online. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

I95: Record B5-397. The file preserves the following case entry. A family consists of a father who drinks 5 cups of coffee per day, a mother who drinks 4 cups per day, and their daughter who drinks (1 + 1) cups per day. How many cups of coffee does this family consume in one week? The entry was retained with the case materials for review.

1707: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

86/N6: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

V&48: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

P61: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep

the full set together.

b-009M: A progress log contains 13 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, according to the brief's case material concerning Isaac and online, what final value is required? Could the item be closed before the 16:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 15 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

60/L0: The planning desk grouped 20 follow-up notes under the same request. One note asks: For this revised scenario, according to the brief's case material concerning Isaac and online, what final value is required? Would a further review call before 11:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 22 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

M17: A coordinator marked 32 status updates for later attention. The accompanying prompt reads: For this revised scenario, according to the brief's case material concerning Isaac and online, what final value is required? Can the requested outcome be confirmed during the 13:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 27 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

14F034: Record A5-825. The file preserves the following case entry. The school fundraiser hid (48 + 52) bags of candy. The Jones twins each collected 30 bags. All the other bags except 10 were collected by their classmates. How many bags did the classmates collect? The entry was retained with the case materials for review.

4651: The case tracker lists 30 pending references for the briefing. Its next action item repeats: For this revised scenario, according to the brief's case material concerning Isaac and online, what final value is required? Should the team settle the item before the 9:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 17 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

4401: Record 0A-781. The file preserves the following case entry. John and Jack need to be at school by a certain time. It takes them the minutes separating 11.50pm from 12.03am to get to school from the fire station. They also need to get to the fire station from the library, which they can do in the number of minutes from 11.59pm to 12.05am. If they arrive at the library with the clock interval marked by 11:57 PM and 12:27 AM to spare before they need to be at school, how many minutes do they have left after arriving at the fire station? The entry was retained with the case materials for review.
