T#15: The morning desk received 26 messages, including 5 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

L69: 2. Topic and conditions update

46/W6: Record 9B-459. The file preserves the following case entry. In a market, fruit baskets are sold for 25 cents and vegetable baskets for 100 cents. Priya spent ¥1100 and bought $(2 + 2)$ fruit baskets, ending up with 1% of her money as change. How many vegetable baskets did she purchase? The entry was retained with the case materials for review.

U#90: Several field notes refer to craig, initially, and three. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

23S483: The support team has received related comments about craig, initially, and three; some mention weather conditions and others concern routine service access. The note was retained for the next review.

93P873: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

A&78: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

38R818: Record 35-529. The file preserves the following case entry. Uma needs to prepare 140 clams for a party. She can peel clams at a rate of 7 clams per minute. After peeling, she cooks the clams in batches, with each batch containing up to 20 clams and taking as many clock minutes as lie between 11:59pm and 12:15am to cook. Assuming she starts cooking the first batch as soon as she finishes peeling enough clams for it, and continues cooking batches consecutively (not overlapping), what is the total time in minutes Uma will spend peeling and cooking all the clams? The entry was retained with the case materials for review.

Z#37: 3. Related observations and service notes

G&15: The support desk has received several comments related to craig, initially, and three. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

82Y192: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

Z&38: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

R3D-F45: Record AE-379. The file preserves the following case entry. In a separate about and julian and initially record, Given recorded (3 + 5) supplies at \$10 each. How much was recorded for those supplies altogether? The entry was retained with the case materials for review.

C&16: 3.1 Coordination and records

5320: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

4493: 4. Facilities and meeting logistics

J&02: Record AF-155. The file preserves the following case entry. Santiago initially had (1 + 2) times as many corns as persimmons. If he had 50 persimmons and bought 64 persimmons and 26 fewer corns than persimmons, how many total corns and persimmons does Santiago have now? The entry was retained with the case materials for review.

R3D-593: Record A7-585. The file preserves the following case entry. In a separate about and julian and initially record, Given recorded (1 + 2) supplies at \$13 each. How much was recorded for those supplies altogether? The entry was retained with the case materials for review.

5315: The east meeting room is reserved for 12 attendees, with 4 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

W97: 5. Questions for the coordination call

W&12: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

5578: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

V16: The monitoring log contains 27 references to Julian and initially, alongside routine status updates. Can all 27 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

61/N1: Record 2B-278. The file preserves the following case entry. Maria has (3 + 7) acres of an orange grove. There are 100 oranges per acre. Maria can pick her oranges every 3 months. How many oranges can Maria harvest within a year? The entry was retained with the case materials for review.

W46: A liaison also received 12 requests mentioning Julian and initially. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

2588: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

u-194P: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

675: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

o-938W: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

D&52: A progress log contains 38 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, what is the requested result for the report's scenario about Julian and initially? Could the item be closed before the 12:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

H67: Record 4A-710. The file preserves the following case entry. A farmer harvests 205 baskets of oranges on Wednesday. Then he harvests $(44 + 53)$ baskets of oranges on Thursday. On Friday, he harvests quadruple the number of baskets of oranges he did on Wednesday. How many baskets of oranges does the farmer have? The entry was retained with the case materials for review.

v-096U: The planning desk grouped 14 follow-up notes under the same request. One note asks: For this revised scenario, what is the requested result for the report's scenario about Julian and initially? Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 27 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

5165: A coordinator marked 31 status updates for later attention. The accompanying prompt reads: For this revised scenario, what is the requested result for the report's scenario about Julian and initially? Can the requested outcome be confirmed during the 15:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 33 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

461896: The case tracker lists 9 pending references for the briefing. Its next action item repeats: For this revised scenario, what is the requested result for the report's scenario about Julian and initially? Should the team settle the item before the 14:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 12 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

3716: The planning group prepared a detailed briefing note about for, this, revised, scenario, what. It logged 57 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

D74: A working summary for for, this, revised, scenario, what was circulated among the coordination office. The summary lists 58 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

87P527: The operations desk recorded 48 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

S&79: For the current case, the operations desk assembled 24 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

K01: A liaison maintained 37 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a

decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

0c10: The field liaison added 33 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

7480: The review panel prepared a detailed briefing note about for, this, revised, scenario, what. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

2299: A working summary for for, this, revised, scenario, what was circulated among the records team. The summary lists 57 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.
