W&29: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

N&19

Team	On-call staff	Next check-in
Roads	6	09:30
Parks	4	10:15
Communications	11	11:00

H&33: The morning desk received 45 messages, including 8 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

x-607Y: 2. Topic and conditions update

M47: Several field notes refer to virus, spreads, and such. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

8f38: Record FE-656. The file preserves the following case entry. Carlos was organizing a birthday party and realized he needed more forks, so he purchased a new pack of forks. Later, his friend also bought a pack of (5 + 13) forks for the party and gave them to Carlos. While preparing appetizers, Carlos used ten of the forks for taste-testing. When it was time to set the table, he counted a total of 30 forks. How many forks were in the package that Carlos bought? The entry was retained with the case materials for review.

85N455: A liaison asked whether the weather-sensitive update should be issued before 16:00. The answer depends on a later policy decision. The note was retained for the next review.

62Z512: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

T#38: 3. Related observations and service notes

5451: The support team has received related comments about virus, spreads, and such; some mention weather conditions and others concern routine service access. The note was retained for the next review.

81C531: The support desk has received several comments related to virus, spreads, and such. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

4632: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

40/R0: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

B&43: Record 8C-130. The file preserves the following case entry. A tower is made out of 3 silver blocks, four times as many gold blocks, and an unknown number of gray blocks. If there are $(13 + 18)$ blocks in the tower in total, how many gray blocks are there? The entry was retained with the case materials for review.

10/A0: 3.1 Coordination and records

1h31: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

4s04: 4. Facilities and meeting logistics

6a76: The east meeting room is reserved for 15 attendees, with 3 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

7781:

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

10H240: 5. Questions for the coordination call

900730: Record 96-398. The file preserves the following case entry. What is the total number of orders processed by Emma and Nadia in a week, given that Emma processes $(23 + 25)$ orders per day and Nadia processes 4 times as many orders as Emma per day, with both working as many calendar days as lie between 12/27 this year and 1/3 next year a week? The entry was retained with the case materials for review.

82/R2: Record C8-443. The file preserves the following case entry. Amira visits the market to purchase some coffee. The usual brand she buys is priced at $\square 20$ per kilogram. Due to a stock shortage, she opts for a pricier brand that is 45% more expensive. She plans to buy enough coffee for a week, consuming 1 kilogram daily. Additionally, she treats herself to a muffin for $\square 3$. What was the total cost of her shopping? The entry was retained with the case materials for review.

G22: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

1a81: Record 52-937. The file preserves the following case entry. Leela needs to complete a $(5 + 10)$ -page project report and has finished $\frac{1}{3}$ of it so far. How many pages does she have left to write? The entry was retained with the case materials for review.

O85: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

B35: The monitoring log contains 15 references to virus and spreads, alongside routine status updates. Can all 15 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

2580: A liaison also received 12 requests mentioning virus and spreads. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

T65: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

B39: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

P19: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

B&80: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

K42: Record D7-647. The file preserves the following case entry. How much did Bodhi spend in total if he bought (7 + 15) rulers at ¥4.5 each, 8 sets of colored pencils at ¥14.0 each, and there was an additional charge of ¥22 for other supplies? The entry was retained with the case materials for review.

C60: A progress log contains 28 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Could the item be closed before the 12:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 31 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

A#50: The planning desk grouped 33 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Would a further review call before 11:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

18P578: A coordinator marked 13 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Can the requested outcome be confirmed during the 14:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

I&15: The case tracker lists 36 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and spreads. Should the team settle the item before the 13:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 28 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

1832: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 19 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

31N441: A working summary for for, this, revised, scenario, use was circulated among the operations desk. The summary lists 27 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

5819: The operations desk recorded 20 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

E#42: For the current case, the field liaison assembled 27 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

3j63: Record 04-918. The file preserves the following case entry. What is the total amount of money Arash spent on school supplies, given that he bought 18 colored pencils at ¥5.5 each, (3 + 5) pencils at ¥16.25 each, and spent an additional ¥24 on other supplies? The entry was retained with the case materials for review.

03/Y3: A liaison maintained 46 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

15/J5: The planning group added 28 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

D#39: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 46 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the

remaining references are verified.

D92: A working summary for for, this, revised, scenario, use was circulated among the operations desk. The summary lists 33 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.
