## e-051C: 5. Questions for the coordination call

4598: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

F&31: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

v-633A: Record 99-845. The file preserves the following case entry. Lina plans to mold 328 grams of clay into different figurines. She can make large figurines that use 12 grams each, medium ones that use (3 + 8) grams, and tiny ones that use 1/5 of a gram. If she creates 8 large figurines, 15 tiny ones, and 13 medium figurines, how many grams of clay will she have remaining? The entry was retained with the case materials for review.

R2F-B76: Record F8-460. The file preserves the following case entry. In a separate concerning and opal and plans record, Opal counted (9 + 13) items in the first review and 27 in the second review. How many items did Opal count altogether? The entry was retained with the case materials for review.

37/M7: The monitoring log contains 27 references to Opal and plans, alongside routine status updates. Can all 27 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

E48: Record F1-364. The file preserves the following case entry. Andre hid 9 boxes of eggs in the yard, with 12 eggs in each box. Beatriz found (2 + 5) eggs, Yuki found 3 groups of 7 eggs, Uma found one less than Yuki, and Priya found half of Uma's amount. How many eggs are still hidden in the yard? The entry was retained with the case materials for review.

R7B-7A5: Record 9F-742. The file preserves the following case entry. In a separate concerning and opal and plans record, Opal counted (20 + 28) items in the first review and 18 in the second review. How many items did Opal count altogether? The entry was retained with the case materials for review.

4435: A liaison also received 10 requests mentioning Opal and plans. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

J#64: Record D0-760. The file preserves the following case entry. Kayla can do her own tax return in (2 + 4) hours at a rate of €70 per hour. If she hires an accountant it will take her 1 hour and the accountant charges €79 per tax return. How much

money will Kayla save by hiring an accountant instead of doing her taxes herself? The entry was retained with the case materials for review.

k-4721: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

Z#26: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

2x92: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

X&80: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

6k06: Record 61-524. The file preserves the following case entry. If three friends eat sushi together every day, with the first friend eating  $(2 + 3)$  rolls, the second eating 3 rolls, and the third eating 8 rolls each day, how many sushi rolls do they eat in total over one week? The entry was retained with the case materials for review.

5361: A progress log contains 26 entries associated with the current case. At the review, the open item was restated as: Use the relevant quantitative passage in this document to determine the outcome concerning Opal and plans. Could the item be closed before the 12:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

17/27: The planning desk grouped 33 follow-up notes under the same request. One note asks: Use the relevant quantitative passage in this document to determine the outcome concerning Opal and plans. Would a further review call before 14:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 33 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

D&68: A coordinator marked 21 status updates for later attention. The accompanying prompt reads: Use the relevant quantitative passage in this document to determine the outcome concerning Opal and plans. Can the requested outcome be confirmed during the 13:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

A&82: The case tracker lists 14 pending references for the briefing. Its next action item repeats: Use the relevant quantitative passage in this document to determine the outcome concerning Opal and plans. Should the team settle the item before the 14:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 23 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

3813: The field liaison prepared a detailed briefing note about use, the relevant, quantitative, passage. It logged 44 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

o-624H: A working summary for use, the relevant, quantitative, passage was circulated among the operations desk. The summary lists 51 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.
