C#38:

Team	On-call staff	Next check-in
Roads	11	09:30
Parks	6	10:15
Communications	10	11:00

e-503D: Record AA-220. The file preserves the following case entry. A collection consists of $(1 + 2)$ blue marbles, six times as many red marbles, and an unknown number of yellow marbles. If there are 42 marbles in the collection in total, how many yellow marbles are there? The entry was retained with the case materials for review.

a-750S: The morning desk received 23 messages, including 8 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

2s12: 2. Topic and conditions update

p-819J: Several field notes refer to arash, sells, and tulips. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

81/B1: A liaison asked whether the weather-sensitive update should be issued before 14:00. The answer depends on a later policy decision. The note was retained for the next review.

G#16: Record 73-931. The file preserves the following case entry. Quinn and her husband bought packages of plates, with Quinn's package containing an unknown number of plates and her husband's package containing 19 plates, and together they had a total of $(13 + 24)$ plates, how many plates were in Quinn's package? The entry was retained with the case materials for review.

58/X8: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

e-913F: Record 09-475. The file preserves the following case entry. Rohan has $(35 + 40)$ acres of land dedicated to growing pineapples with a yield of 97 pineapples per acre. Rohan can harvest his pineapples every 4 months. How many pineapples can Rohan harvest within a year? The entry was retained with the case materials for review.

B45: 3. Related observations and service notes

O#26: The support team has received related comments about arash, sells, and tulips; some mention weather conditions and others concern routine service access. The note was retained for the next review.

7a57: Record 5D-908. The file preserves the following case entry. Carlos has 14 cans of paint in his garage. Each can of paint can cover $(8 + 13)$ chairs. Carlos wants to repaint enough chairs to use up all his paint. If each row holds 7 chairs, how many rows of chairs should he repaint? The entry was retained with the case materials for review.

7y37: Record 8B-508. The file preserves the following case entry. A store sells stickers for 50 cents and pencils for $(34 + 41)$ cents. Rashad spent \$1200 and received 6 packs of stickers and had 7% of his money left as change. How many pencils did he buy? The entry was retained with the case materials for review.

98G118: Record 8B-377. The file preserves the following case entry. A bookshelf has 200 fiction books on Saturday, and then it is restocked with $(71 + 74)$ more fiction books on Sunday. On Monday, the librarian adds four times the number of fiction books that were added on Saturday. How many fiction books are there now? The entry was retained with the case materials for review.

7856: The support desk has received several comments related to arash, sells, and tulips. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

25/M5: Record 01-597. The file preserves the following case entry. A single worker can harvest 5 kgs of grain per day using a simple sickle. With an iron scythe, they can harvest twice that amount, and with a steel scythe, they can harvest 60% more than with the iron scythe. How many kgs of grain can $(5 + 15)$ workers with steel scythes harvest in a month with however many days separate December 28 this year and January 28 next year? The entry was retained with the case materials for review.

V#41: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review. A related note in the file stated: Given that he rounds the price of each type of flower to the nearest whole euro (rounding up if the decimal is .5 or higher and rounding down if the decimal is less than .5), determine how much money will Henry make altogether from selling these flowers.

7850: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

66/U6: Record 08-619. The file preserves the following case entry. The cafeteria sells sandwiches for $(33 + 42)$ cents and muffins for 125 cents. Priya spent $\square 1200$ and bought 9 sandwiches, ending up with 6% of her money remaining as change. How many muffins did she purchase? The entry was retained with the case materials for review.

28K088: 3.1 Coordination and records

4k84: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

y-322V: 4. Facilities and meeting logistics

25F645: The east meeting room is reserved for 16 attendees, with 3 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

6711:

Item	Owner	Due time

Route update	Roads	15:30
Venue access	Facilities	14:00

92C002: 5. Questions for the coordination call

Z00: Should a second status call be added this afternoon? Can the public information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

RB8-8DB: Record 09-436. The file preserves the following case entry. In a separate final and value and required record, Henry counted $(19 + 24)$ items in the first review and 20 in the second review. How many items did Henry count altogether? The entry was retained with the case materials for review.

E41: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

Qo30: The monitoring log contains 24 references to Gavin and sells, alongside routine status updates. Can all 24 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

U875: Record 4F-134. The file preserves the following case entry. Rohan has a garden that is 162 feet long. Rohan wants to fill his garden with trees. Rohan's trees grow 5 feet wide, so he needs to leave 13.5 feet between every tree. Rohan already owns $(4 + 7)$ trees. Each tree costs \$12 at the nursery, how much money will Rohan spend at the nursery to fill up his garden? The entry was retained with the case materials for review.

46/R6: A liaison also received 8 requests mentioning Gavin and sells. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

RCC-D57: Record 53-240. The file preserves the following case entry. In a separate final and value and required record, Henry counted 22 items in the first review and $(10 + 20)$ in the second review. How many items did Henry count altogether? The entry was retained with the case materials for review.

8p88: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

R33-A3D: Record 2B-126. The file preserves the following case entry. In a separate final and value and required record, Henry counted $(6 + 12)$ items in the first review and 28 in the second review. How many items did Henry count altogether? The entry was retained with the case materials for review.

5730: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

0t40: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

85/Y5: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document management team will keep the full set together.

c-756G: A progress log contains 27 entries associated with the current case. At the review, the open item was restated as: According to the brief's case material concerning Henry and sells, what final value is required? Could the item be closed before the 14:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

Y35: The planning desk grouped 15 follow-up notes under the same request. One note asks: According to the brief's case material concerning Henry and sells, what final value is required? Would a further review call before 14:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 21 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

69R919: A coordinator marked 35 status updates for later attention. The accompanying prompt reads: According to the brief's case material concerning Henry and sells, what final value is required? Can the requested outcome be confirmed during the 15:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 31 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

0q00: Record 51-952. The file preserves the following case entry. In an $(36 + 44)$ -student class, 30% are swimmers and will be leaving early for a swim meet. Additionally, 25% of the remaining non-swimmer students are part of the school's dance or choir group and will also be leaving early for a performance. How many students in total will be leaving early? The entry was retained with the case materials for review.

7360: The case tracker lists 14 pending references for the briefing. Its next action item repeats: According to the brief's case material concerning Henry and sells, what final value is required? Should the team settle the item before the 9:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

7859: The planning group prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 41 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

a-768A: A working summary for according, the, brief, quantitative, scenario was circulated among the operations desk. The summary lists 28 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

R0E-926: Record 6F-499. The file preserves the following case entry. In a separate final and value and required record, Henry counted 19 items in the first review and $(12 + 15)$ in the second review. How many items did Henry count altogether? The entry was retained with the case materials for review.

24G464: The review panel recorded 26 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

B078: For the current case, the records team assembled 19 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

73/O3: A liaison maintained 23 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

90/K0: The review panel added 54 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
