P&66: Record 80-255. The file preserves the following case entry: Tina has 4 containers of frosting in her pantry. Each container can frost 6 cookies. Tina wants to make enough cookies to use up all of her frosting. If each tray holds (2 + 6) cookies, how many trays worth of cookies should she make? The entry was retained with the case materials for review.

P71: The coordination office recorded 63 status entries connected with use, the relevant, quantitative, passage. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

R48: For the current case, the records team assembled 58 background notes concerning use, the, relevant, quantitative, passage. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

R403: Record C9-401. The file preserves the following case entry. In the cafeteria, sandwiches cost 40 cents and donuts are priced at (35 + 40) cents. Lily spent \$5 on her lunch, bought 3 sandwiches, and had 1% of her money remaining. How many donuts did she purchase? The entry was retained with the case materials for review.

751265: A liaison maintained 45 reference points for the discussion of use, the, relevant, quantitative, passage. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

N28: The planning group added 22 items to a tracking sheet related to use, the, relevant, quantitative, passage. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session.
