

Quantitative Case File

M65: Regional Operations Brief — prepared for the 10:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

5044: Record 75-781. The file preserves the following case entry. A kilogram of apples at the market costs ¥4. Oranges cost ¥1 per kilogram. How much more do 3 kilograms of apples cost than $(2 + 4)$ kilograms of oranges? The entry was retained with the case materials for review.

3f03: 1. Purpose and reading note

52Y692: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

25r12:

Team	On-call staff	Next check-in
Roads	6	09:30
Parks	4	10:15
Communications	9	11:00

C04: The morning desk received 43 messages, including 8 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

r-411P: Record 40-872. The file preserves the following case entry. A girl has 14 stamps. Her sister has $(2 + 3)$ fewer stamps than she has. How many stamps do they have together? The entry was retained with the case materials for review.

76N656: 2. Topic and conditions update

Y83: Record BA-159. The file preserves the following case entry. Alex has three times as many Instagram followers as Maria. David has four times as many followers on Instagram as Maria. If Alex has $(5 + 7)$ followers on Instagram, how many Instagram followers does David have? The entry was retained with the case materials for review.

E&84: Several field notes refer to wants, purchase, and without. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

R#50: A liaison asked whether the weather-sensitive update should be issued before 14:00. The answer depends on a later policy decision. The note was retained for the next review.

F&41: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

v-072J: Record CF-542. The file preserves the following case entry. A tower is built with $(3 + 5)$ blue blocks, three times as many yellow blocks, and an unknown number of red blocks. If there are 38 blocks in the tower in total, how many red blocks are there? The entry was retained with the case materials for review.

T&15: 3. Related observations and service notes

I-688: Record 09-388. The file preserves the following case entry. Linda has \$12.48 and wants to purchase $(6 + 10)$ pencils from a stationery shop. Each pencil costs \$0.03. How much money will Linda have left after buying the pencils? The entry was retained with the case materials for review.

76/R8: The support team has received related comments about wants, purchase, and without; some mention weather conditions and others concern routine service access. The note was retained for the next review.

38A478: Record 66-326. The file preserves the following case entry. At the zoo, there are $(5 + 13)$ lions. If there are two-thirds as many tigers as lions, how many big cats are at the zoo? The entry was retained with the case materials for review.

3e13: The support desk has received several comments related to wants, purchase, and without. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

X79: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

V00: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

5092: 3.1 Coordination and records

RBE-CB1: Record 17-247. The file preserves the following case entry. In a separate concerning and wants and purchase record, Mr counted 45 items in the first review and (6 + 17) in the second review. How many items did Mr count altogether? The entry was retained with the case materials for review.

86V346: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. 836: 4. Facilities and meeting logistics

C#06: The east meeting room is reserved for 12 attendees, with 3 visitor badges awaiting confirmation. Is the west entrance open after 18.30? Facilities will confirm access arrangements before the afternoon briefing.

3/12

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

P&S7: 5. Questions for the coordination call

16/Y6: Should a second status call be added this afternoon? Can the public information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

7543: Record 62-726. The file preserves the following case entry. Liam is deciding whether to mow his lawn himself or hire one gardener. If he does it himself, he'll be able to do (2 + 5) fewer hours of tutoring, losing ¥42/hour in missed income. The gardener charges ¥78. How much more money will he have if he hires the gardener? The entry was retained with the case materials for review.

C82: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

MW70: The monitoring log contains 18 references to wants and purchase, alongside routine status updates. Can all 18 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

R09-DD5: Record CB-151. The file preserves the following case entry. In a separate concerning and wants and purchase record, Mr counted 23 items in the first review and (12 + 14) in the second review. How many items did Mr count altogether? The entry was retained with the case materials for review.

R25-3FF: Record 00-176. The file preserves the following case entry. In a separate concerning and wants and purchase record, Mr counted (14 + 16) items in the first review and 21 in the second review. How many items did Mr count altogether? The entry was retained with the case materials for review.

80/LQ: A liaison also received 9 requests mentioning wants and purchase. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

6n56: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

W007: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

U007: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

F056: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

o-260H: A progress log contains 11 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning wants and purchase. Could the item be closed before the 16:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 27 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

3033: The planning desk grouped 18 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning wants and purchase. Would a further review call before 11:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 21 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

750405: A coordinator marked 30 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning wants and purchase. Can the requested outcome be confirmed during the 16:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 30 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended-background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. a-285R: The case tracker lists 31 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning wants and purchase. Should the team settle the item before the 12:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

P02: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 32 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

5p36: Record 4A-672. The file preserves the following case entry. In a (26 + 34)-item exam, 40% of the questions are multiple-choice, and the rest are equally divided as true or false and open-ended questions. If Maya is sure to get 75% of the multiple-choice questions, and half of the true or false and open-ended questions correctly, how many points is she sure to get? The entry was retained with the case materials for review.

V24: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 23 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

31/11: The records team recorded 33 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

F46: For the current case, the field liaison assembled 31 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

4x84: A liaison maintained 59 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

Z&75: The field liaison added 34 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

11G171: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 57 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

32H492: The coordination office recorded 60 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

H#16: Record 5A-912: The file preserves the following case entry. Jordan receives $(22 + 28)$ text messages a day. 34% of those messages don't need a reply. Jordan replies to the rest of them. How many messages does Jordan reply to in a 3-day period? The entry was retained with the case materials for review.

F&18: For the current case, the review panel assembled 43 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

373: A liaison maintained 32 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

U&37: Record BF-907: The file preserves the following case entry. What is the difference in probability between rolling at least one number greater than $(1 + 2)$ on a single six-sided dice roll and rolling two even numbers in a row on two separate six-sided dice rolls? The entry was retained with the case materials for review.

1819: The records team added 31 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
