

Quantitative Case File

7360: Regional Operations Brief — prepared for the 9:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

x-225U: 1. Purpose and reading note

K&S34: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

91C&B1:

Team	On-call staff	Next check-in
Roads	6	09:30
Parks	7	10:15
Communications	7	11:00

U87: The morning desk received 41 messages, including 7 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

C&21: 2. Topic and conditions update

86S486: Several field notes refer to zahra, making, and popcorn. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

6960: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

U#27: Record AF-616. The file preserves the following case entry: A library has 9 shelves of books. Another library has $(2 + 5)$ fewer shelves than it does. How many shelves do they have together? The entry was retained with the case materials for review.

8r38: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

C#95: The support team has received related comments about zahra, making, and popcorn; some mention weather conditions and others concern routine service access. The note was retained for the next review.

16Q216: 3. Related observations and service notes

I-338U: Record 47-180. The file preserves the following case entry: A tower is made out of $(1 + 2)$ silver blocks, four times as many gold blocks, and an unknown number of gray blocks. If there are 31 blocks in the tower in total, how many gray blocks are there? The entry was retained with the case materials for review.

6590: The support desk has received several comments related to zahra, making, and popcorn. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

4642: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

O55: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

D10: 3.1 Coordination and records

I-233L: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

71/V1: 4. Facilities and meeting logistics

66H546: The east meeting room is reserved for 14 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

Q50:

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

J68: 5. Questions for the coordination call

J896: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

D348: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

g-249C: The monitoring log contains 20 references to Iris and making, alongside routine status updates. Can all 20 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

36/E6: A liaison also received 9 requests mentioning Iris and making. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

26/16: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

R6C-773: Record 04-695. The file preserves the following case entry. In a separate concerning and Iris and making record, Iris counted 37 items in the first review and (13 + 19) in the second review. How many items did Iris count altogether? The entry was retained with the case materials for review.

E140: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

X363

Section	Details	
Reference note	The facilities desk noted that visitor access and room setup will be confirmed later in the day. Follow-up note	These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

1-057J: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

y-481B: A progress log contains 34 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning Iris and making. Could the item be closed before the 10:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 21 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

852975: The planning desk grouped 26 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning iris and making. Would a further review call before 15:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 28 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

7927: A coordinator marked 10 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning iris and making. Can the requested outcome be confirmed during the 10:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 33 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. A related note in the file stated: In the first k_3 seconds, 60 kernels pop.

5g45: The case tracker lists 20 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning iris and making. Should the team settle the item before the 10:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

6194: The operations desk prepared a detailed briefing note about for, this, revised, scenario, use. It logged 33 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

W86: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 23 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

7193: The operations desk recorded 30 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

R65: For the current case, the operations desk assembled 51 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

59D228: A liaison maintained 21 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R50-07E: Record CD-520. The file preserves the following case entry. In a separate concerning and iris and making record, iris counted 25 items in the first review and $(10 + 16)$ in the second review. How many items did iris count altogether? The entry was retained with the case materials for review.

5743: The planning group added 32 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

A#90: Record B3-421. The file preserves the following case entry. The Smith family is busy making muffins. So far, they've made 7000 muffins. They have 1027 blueberry muffins, 2009 banana muffins, and some chocolate muffins. How many chocolate muffins have they made? The entry was retained with the case materials for review.

E&56: The operations desk prepared a detailed briefing note about for, this, revised, scenario, use. It logged 31 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining

references are verified.

NW92: Record D7-877. The file preserves the following case entry. Ava types documents exactly twice as fast as her coworker Ben, who manages to complete (24 + 26) documents per day. If both work every day of the week, what is their combined weekly output? The entry was retained with the case materials for review.

R1B-999: Record 6A-672. The file preserves the following case entry. In a separate concerning and iris and making record, Iris counted (21 + 26) items in the first review and 26 in the second review. How many items did Iris count altogether? The entry was retained with the case materials for review.

3g83: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 47 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

5119: The operations desk recorded 58 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

4x14: For the current case, the planning group assembled 57 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

61K491: A liaison maintained 24 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

E45: The review panel added 62 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

1324: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 30 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

E&63: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 41 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

39U199: The planning group recorded 36 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

N90: For the current case, the coordination office assembled 39 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

4k74: A liaison maintained 30 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

p-217Y: The planning group added 27 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

L&47: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 38 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

7127: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 29 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

5877: Record 34-280. The file preserves the following case entry. Oliver plans to create various sized candles using 334 ounces of wax. He can craft large candles that require 12 ounces per candle, medium ones that need 11 ounces, and tiny ones that use $\frac{2}{4}$ of an ounce each. If he makes 8 large candles, 24 tiny candles, and $(4 + 8)$ medium candles, how many ounces of wax will remain? The entry was retained with the case materials for review.

O97: The coordination office recorded 23 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

I-137F: Record 65-903. The file preserves the following case entry. Ava and Lily are friends from Berlin who enjoy getting autographs from musicians. During their summer vacation, they spend every morning collecting autographs. After the day gap between 12/31 this year and 1/7 next year, Ava and Lily compare their collections, counting up the number of autographs each has gathered. Ava has 17 autographs in her book, and Lily has 36. The friends have $(2 + 2)$ more days of summer vacation, and they decide they want to reach 100 autographs between them by the end of the vacation. How many autographs do the friends need to collect to reach their goal? The entry was retained with the case materials for review.

D38: For the current case, the review panel assembled 34 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

263: A liaison maintained 42 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

Q#45: The records team added 63 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

M77: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 20 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

I-6690: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 47 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

N73: The records team recorded 49 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

14/V4: For the current case, the records team assembled 18 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

E#96: A liaison maintained 50 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R9F-049: Record 9A-324. The file preserves the following case entry. In a separate concerning and iris and making record, Iris counted 33 items in the first review and $(12 + 15)$ in the second review. How many items did Iris count altogether? The

entry was retained with the case materials for review.

47H987: The planning group added 31 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

37G647: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 23 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

j-710E: Record B8-706. The file preserves the following case entry. Tara was getting ready for a dinner party at her place, planning to serve chicken roast. She realized she needed more serving dishes, so she purchased a set. Later, her sister also bought her a set of 19 new serving dishes. While Tara was preparing the chicken roast, she used seven of the dishes to taste her roast. When it was time to serve, she had a total of $(10 + 20)$ serving dishes. How many serving dishes were in the set that Tara bought? The entry was retained with the case materials for review.

81Q931: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 18 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

5b65: The coordination office recorded 22 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

88D508: For the current case, the planning group assembled 24 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

7444: A liaison maintained 61 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

6103: The coordination office added 34 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

5q95: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 29 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

1&09: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 42 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

5696: The operations desk recorded 37 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

35G505: For the current case, the planning group assembled 38 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

6135: A liaison maintained 43 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

E#66: The operations desk added 59 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

87/C7: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 43 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

6912: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 29 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

4665: The planning group recorded 49 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

D68: Record 82-464. The file preserves the following case entry. Ava achieved 315 points in a single round of golf, while Julian scored $(8 + 19)$ points more than four-fifths of Ava's score. What is the combined total of points scored by Ava and Julian? The entry was retained with the case materials for review.

22/X2: For the current case, the planning group assembled 50 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

7812: A liaison maintained 31 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

K&83: The field liaison added 44 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

o-820A: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 33 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

34H184: Record 9A-376. The file preserves the following case entry. A pie is divided into 30 slices. If Alex can eat $(1 + 1)$ slices a day while Jamie can consume twice that amount, how many days will the pie last? The entry was retained with the case materials for review.

H31: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 35 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

80X000: Record G2-412. The file preserves the following case entry. The Patel family is busy making brownies. So far, they've made 7995 brownies. They have 2595 walnut brownies, 3075 cheesecake brownies, and some peanut butter brownies. How many peanut butter brownies have they made? The entry was retained with the case materials for review.

43P623: The coordination office recorded 18 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later

reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

1011: Record 1D-697. The file preserves the following case entry. Raj harvested 6 sacks of potatoes last Sunday, the first sack he harvested weighs 54 kgs, the second sack he harvested weighs $(18 + 28)$ kgs, and the last sack he harvested weighs 23 kgs. If a kg of potatoes costs €2.0, how much will he earn after selling all the sacks to the market? The entry was retained with the case materials for review.

74A524: For the current case, the records team assembled 28 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

0E20: Record F1-497. The file preserves the following case entry. Ashley has 75 acres of strawberry farm. There are 77 strawberries per acre. Ashley can pick her strawberries every $(3 + 9)$ months. How many strawberries can Ashley harvest within a year? The entry was retained with the case materials for review.

s-966t: A liaison maintained 39 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

F#48: Record 08-471. The file preserves the following case entry. Iris is making popcorn. In the first k_3 seconds, 72 kernels pop. In each subsequent k_3 -second interval, the number of kernels that pop is as follows: in the second interval, $(2 + 2)$ times as many as in the first; in the third interval, 6 times as many as in the first; and in the final k_3 -second interval, half as many as popped during the third interval. After cooking finishes, residual heat causes one-fourth of those from the previous (final) interval to pop. How many pieces of popcorn does Iris have to eat at the end? The entry was retained with the case materials for review.

KW18: The coordination office added 47 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R04-18E: Outcome record 47-180: the final recorded value for case 47-180 was 16. The review entry was filed.

RD1-820: Outcome record F1-497: the final recorded value for case F1-497 was 5775. The review entry was filed.

RD4-AF9: Outcome record 9A-324: the final recorded value for case 9A-324 was 60. The review entry was filed.

R46-6A2: Outcome record 6A-672: the final recorded value for case 6A-672 was 73. The review entry was filed.

R05-D03: Outcome record B8-706: the final recorded value for case B8-706 was 18. The review entry was filed.

R58-CE4: Outcome record AF-616: the final recorded value for case AF-616 was 11. The review entry was filed.

R05-933: Outcome record 34-280: the final recorded value for case 34-280 was 94. The review entry was filed.

R61-EAE: Outcome record 82-464: the final recorded value for case 82-464 was 594. The review entry was filed.

R26-E2F: Outcome record CD-520: the final recorded value for case CD-520 was 51. The review entry was filed.

RF5-382: Outcome record D7-877: the final recorded value for case D7-877 was 1050. The review entry was filed.

R31-26A: Outcome record 04-695: the final recorded value for case 04-695 was 69. The review entry was filed.

RB9-793: Outcome record B3-421: the final recorded value for case B3-421 was 3964. The review entry was filed.

R6E-5BD: Outcome record 9A-378: the final recorded value for case 9A-378 was 5. The review entry was filed.

RAD-4A5: Outcome record C2-412: the final recorded value for case C2-412 was 2325. The review entry was filed.

RFC-768: Outcome record B5-903: the final recorded value for case B5-903 was 47. The review entry was filed.

R8E-1FC: Outcome record 1D-697: the final recorded value for case 1D-697 was 384. The review entry was filed.
