

Quantitative Case File

26/U6: Record 16-100. The file preserves the following case entry. If there are 80 classrooms that need to be cleaned in a week and a team of cleaners works the count in days from Dec 29 this year up to Jan 3 next year a week, with each classroom taking a span in minutes running from 11:47 p.m. to 12:02 a.m. to clean, how many hours do they spend cleaning per day and what percentage of an (3 + 5)-hour workday does this represent? The entry was retained with the case materials for review.

s-658A: The monitoring log contains 20 references to the requested result and the scenario, alongside routine status updates. Can all 20 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

RA9-104: Record AD-532. The file preserves the following case entry. In a separate fifteen and equal and pieces record, For counted 19 items in the first review and (12 + 19) in the second review. How many items did For count altogether? The entry was retained with the case materials for review.

s-484N: A liaison also received 11 requests mentioning the requested result and the scenario. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

g-818Q: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

G&19: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

27Y407: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

lb68: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

66/S6: A progress log contains 8 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, at the same rate, how long would it take to saw the log into fifteen equal pieces? Could the item be closed before the 10:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 23 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

h-742P: The planning desk grouped 24 follow-up notes under the same request. One note asks: For this revised scenario, at the same rate, how long would it take to saw the log into fifteen equal pieces? Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 15 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

T81: A coordinator marked 10 status updates for later attention. The accompanying prompt reads: For this revised scenario, at the same rate, how long would it take to saw the log into fifteen equal pieces? Can the requested outcome be confirmed during the 11:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

H&87: The case tracker lists 19 pending references for the briefing. Its next action item repeats: For this revised scenario, at the same rate, how long would it take to saw the log into fifteen equal pieces? Should the team settle the item before the 9:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

AW37: Record 57-617. The file preserves the following case entry. Rahim completed two-fifths of a (68 + 72) piece jigsaw, and then started and completed another 650 piece jigsaw within the clock interval marked by 11:59pm and 12:59am. How

many jigsaw pieces did Rahim put in place during that the clock interval marked by 11:36 PM and 12:36 AM? The entry was retained with the case materials for review.

871127: The planning group prepared a detailed briefing note about for, this, revised, scenario, the. It logged 51 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

A39: Record 12-634. The file preserves the following case entry. A bookshelf contains $(2 + 2)$ green books, twice as many red books, and an unknown number of blue books. If the total number of books on the shelf is 32, how many blue books are there? The entry was retained with the case materials for review.

1-977V: A working summary for for, this, revised, scenario, the was circulated among the field liaison. The summary lists 48 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

24/04: The coordination office recorded 34 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

8138: For the current case, the review panel assembled 32 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

6p88: A liaison maintained 33 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. A related note in the file stated: At the same rate, how long would it take to saw the log into fifteen equal pieces?

1-738A: Record 85-143. The file preserves the following case entry. James collects 290 apples on Monday. On Tuesday, he gathers 389 apples. By Wednesday, he manages to collect twice the number of apples as he did on Monday. How many apples does James have in total? The entry was retained with the case materials for review.

1213: The coordination office added 26 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

79T189: The review panel prepared a detailed briefing note about for, this, revised, scenario, the. It logged 24 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

5f15: A working summary for for, this, revised, scenario, the was circulated among the field liaison. The summary lists 60 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

o-376E: The operations desk recorded 64 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

3r33: Record 1E-312. The file preserves the following case entry. Deandre caught three tunas weighing 56 lbs, $(19 + 27)$ lbs, and 26 lbs. If the fish market pays him \$0.50 per pound for each tuna, how much total money will Deandre earn from selling all three tunas? The entry was retained with the case materials for review.

4636: For the current case, the review panel assembled 63 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

3i33: A liaison maintained 60 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

i-730I: The planning group added 30 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

50/K0: The records team prepared a detailed briefing note about for, this, revised, scenario, the. It logged 18 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

F06: A working summary for for, this, revised, scenario, the was circulated among the coordination office. The summary lists 61 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

JM02: The field liaison recorded 37 status entries connected with for, this, revised, scenario, the. Several entries mention quantiles, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

g-764H: For the current case, the field liaison assembled 56 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

2w62: A liaison maintained 57 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

31/P1: The review panel added 46 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

J613K: The field liaison prepared a detailed briefing note about for, this, revised, scenario, the. It logged 33 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

L&62: A working summary for for, this, revised, scenario, the was circulated among the coordination office. The summary lists 46 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

7165: The planning group recorded 33 status entries connected with for, this, revised, scenario, the. Several entries mention quantiles, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

33/N3: For the current case, the records team assembled 55 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

P&61: A liaison maintained 43 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

9h19: The planning group added 27 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open

question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R&D2: The coordination office prepared a detailed briefing note about for, this, revised, scenario, the. It logged 44 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

N#18: A working summary for for, this, revised, scenario, the was circulated among the coordination office. The summary lists 21 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

29/29: The coordination office recorded 53 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

J#22: For the current case, the review panel assembled 62 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

R0D-CB4: Record 98-502. The file preserves the following case entry. In a separate fifteen and equal and pieces record, For counted 39 items in the first review and (10 + 13) in the second review. How many items did For count altogether? The entry was retained with the case materials for review.

L28: A liaison maintained 37 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

22V532: The operations desk added 19 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

B&26: The coordination office prepared a detailed briefing note about for, this, revised, scenario, the. It logged 64 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

n-766T: A working summary for for, this, revised, scenario, the was circulated among the records team. The summary lists 19 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

4p14: The review panel recorded 23 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

h-703L: For the current case, the operations desk assembled 35 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

L&29: A liaison maintained 39 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

49/09: The planning group added 52 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Q#41: The field liaison prepared a detailed briefing note about for, this, revised, scenario, the. It logged 38 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

28/U8: A working summary for for, this, revised, scenario, the was circulated among the review panel. The summary lists 51 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

1882: The field liaison recorded 22 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

D#69: For the current case, the review panel assembled 60 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

1246: A liaison maintained 54 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

20V240: The records team added 44 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

3g63: The records team prepared a detailed briefing note about for, this, revised, scenario, the. It logged 36 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

4011: A working summary for for, this, revised, scenario, the was circulated among the records team. The summary lists 63 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

9033: The records team recorded 34 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Z&88: For the current case, the operations desk assembled 51 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

0e00: Record D6-132. The file preserves the following case entry: A bridge is made out of $(2 + 2)$ steel beams, twice as many wooden beams, and an unknown number of iron beams. If there are 32 beams in the bridge in total, how many iron beams are there? The entry was retained with the case materials for review.

W&25: A liaison maintained 59 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

h-377P: The operations desk added 43 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

4u14: The planning group prepared a detailed briefing note about for, this, revised, scenario, the. It logged 61 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

5q35: A working summary for for, this, revised, scenario, the was circulated among the planning group. The summary lists 18 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

6i96: The review panel recorded 43 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a

reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

53R583: Record EC-318. The file preserves the following case entry. How long does it take Valentina to peel and cook 120 clams if she peels at a rate of 8 clams per minute, each batch consists of $(6 + 14)$ clams, and each batch takes the count in minutes from 11.59 p.m. up to 12.04 a.m. to cook? The entry was retained with the case materials for review.

B#48: For the current case, the review panel assembled 31 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

O#02: A liaison maintained 47 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 18:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

YW26: The operations desk added 18 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

7o97: Record EF-349. The file preserves the following case entry. A hotel has a total of 1800 suites, with $1/4$ currently booked. Following a major event in the city, $(17 + 23)$ guests check into the hotel each day. How many suites will remain unbooked after 3 weeks? The entry was retained with the case materials for review.

F#37: The review panel prepared a detailed briefing note about for, this, revised, scenario, the. It logged 33 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

06/O6: A working summary for for, this, revised, scenario, the was circulated among the records team. The summary lists 42 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

y-104M: The records team recorded 58 status entries connected with for, this, revised, scenario, the. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

B#87: For the current case, the operations desk assembled 20 background notes concerning for, this, revised, scenario, the. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

5z35: A liaison maintained 36 reference points for the discussion of for, this, revised, scenario, the. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

2o72: Record 62-388. The file preserves the following case entry. What is the total number of orders that Olivia and Kimia process together in a week, given that Olivia processes 36 orders per day and Kimia processes $(2 + 5)$ times as many orders as Olivia per day? The entry was retained with the case materials for review.

M47: The planning group added 63 items to a tracking sheet related to for, this, revised, scenario, the. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

7240: The review panel prepared a detailed briefing note about for, this, revised, scenario, the. It logged 37 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

R2E-418: Record FC-206. The file preserves the following case entry. In a separate fifteen and equal and pieces record, For counted 48 items in the first review and $(5 + 7)$ in the second review. How many items did For count altogether? The

entry was retained with the case materials for review.

T47: A working summary for for, this, revised, scenario, the was circulated among the operations desk. The summary lists 46 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review.
