

Quantitative Case File

1878: Regional Operations Brief — prepared for the 9:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

90/M0: 1. Purpose and reading note

A&48: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

S&28: Record D6-808. The file preserves the following case entry. A chef can chop $(2 + 4)$ carrots a minute and steam 40 carrots in the clock interval marked by 11:46pm and 12:03am. How long will it take her to chop and steam 120 carrots? The entry was retained with the case materials for review.

46N576: Record 20-825. The file preserves the following case entry. Nathan's cat has $(2 + 6)$ kittens, 3 of which are grey. Leon's cat has 1297 kittens, 4 of which are grey. Determine the percentage of all the kittens are grey. The entry was retained with the case materials for review.

3547:

Team	On-call staff	Next check-in
Roads	10	09:30
Parks	5	10:15
Communications	7	11:00

f-734T: The morning desk received 41 messages, including 3 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

E06: The support team has received related comments about kittens, grey, and alex; some mention weather conditions and others concern routine service access. The note was retained for the next review.

97U997: Record 42-962. The file preserves the following case entry. Uma needs to prepare $(65 + 75)$ clams for a party. She can peel clams at a rate of 7 clams per minute. After peeling, she cooks the clams in batches, with each batch containing up to 20 clams and taking the clock interval marked by 11:52 p.m. and 12:08 a.m. to cook. Assuming she starts cooking the first batch as soon as she finishes peeling enough clams for it, and continues cooking batches consecutively (not overlapping), what is the total time in minutes Uma will spend peeling and cooking all the clams? The entry was retained with the case materials for review.

8331: 2. Topic and conditions update A related note in the file stated: Determine the percentage of all the kittens are grey.

3b53: Several field notes refer to kittens, grey, and alex. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. 2691: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

7282: Record D8-446. The file preserves the following case entry. The school bake sale committee concealed 180 candies. The Rodriguez twins each discovered $(20 + 23)$ candies. All the other candies except 17 were discovered by their classmates. How many candies did the classmates find? The entry was retained with the case materials for review.

64/V4: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

u-853A: 3. Related observations and service notes

K&19: Record 9F-767. The file preserves the following case entry. Raj harvested 6 sacks of potatoes last Sunday, the first sack he harvested weighs $(24 + 30)$ kgs, the second sack he harvested weighs 46 kgs, and the last sack he harvested weighs 23 kgs. If a kg of potatoes costs €2.0, how much will he earn after selling all the sacks to the market? The entry was retained with the case materials for review.

G56: The support desk has received several comments related to kittens, grey, and alex. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

I-970Q: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

A&63: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. N&52: 3.1 Coordination and records

52/S2: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

34B004: 4. Facilities and meeting logistics

G#12: The east meeting room is reserved for 21 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

5k65: Record 76-184. The file preserves the following case entry. What is the total cost of a sports bra that costs $\square 20$, sweatpants that are $\square 8$ more than the sports bra, athletic shoes that are half off their original price of $\square 50$, and wristbands that originally cost $\square 10$ but have a $\square 2$ coupon? The entry was retained with the case materials for review.

W55: 5. Questions for the coordination call

96/U6: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

82C912: Record 81-251. The file preserves the following case entry. A container has 15 liters of pineapple drink, which contains $\frac{3}{5}$ water, and another container has $(3 + 7)$ liters of orange drink, which contains $\frac{2}{3}$ water. If 1 liter of the orange drink is accidentally spilled before mixing the remaining drinks together, how many liters of water are there in total after mixing all the remaining drinks? The entry was retained with the case materials for review.

79A489: Record 24-385. The file preserves the following case entry. A structure is built using $(2 + 2)$ green bricks, twice as many orange bricks, and an unknown number of purple bricks. If there are 32 bricks in the structure in total, how many purple bricks are there? The entry was retained with the case materials for review.

Q#18: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

h-923S: The monitoring log contains 17 references to kittens and grey, alongside routine status updates. Can all 17 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

E#39: A liaison also received 12 requests mentioning kittens and grey. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

3787: Record 32-248. The file preserves the following case entry. Faisal caught 4 cods. The first one weighed 47 kilograms, the second weighed 55 kilograms and the rest were of average weight, which is $(10 + 14)$ kilograms. How much will Faisal earn if he is paid ¥1.0 per kilogram? The entry was retained with the case materials for review.

w-486L: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

x-540R: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

Z#36: Record 02-957. The file preserves the following case entry. Carlos cycles 26 kilometers daily on his preferred route, consisting of $(4 + 6)$ kilometers through a forest path and 16 kilometers along city roads. On the city roads, Carlos cycles at four times the speed he does in the forest. If he spends the count in minutes from 11:59 pm up to 12:59 am cycling through the forest path, how many minutes does it take Carlos to finish his entire 26-kilometer ride? The entry was retained with the case materials for review.

7078: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

231603: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

4627: A progress log contains 33 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning kittens and grey. Could the item be closed before the 11:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 29 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

49/R9: The planning desk grouped 15 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning kittens and grey. Would a further review call before 9:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 22 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

C#07: A coordinator marked 13 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning kittens and grey. Can the requested outcome be confirmed during the 12:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

W54: The case tracker lists 18 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning kittens and grey. Should the team settle the item before the 15:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. 169: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 34 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

B55: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 28 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

G#95: The records team recorded 22 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare

the status entries with the supporting materials during the next review.

Y31: For the current case, the field liaison assembled 32 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

J#63: A liaison maintained 42 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.
