6r16: Record 5C-474. The file preserves the following case entry. A man is trying to lift a van that weighs 2550 kilograms. He is inside the van with three friends, each weighing $(23 + 27)$ kilograms. There are also some supplies in the van weighing a total of 200 kilograms. If he needs to generate an upward force equal to 1% of the total weight (van + people + supplies) to slightly lift the van off the ground, how many kilograms of upward force does he need to generate? The entry was retained with the case materials for review.

48Y518: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

Q#24:

Team	On-call staff	Next check-in
Roads	7	09:30
Parks	8	10:15
Communications	7	11:00

9005: The morning desk received 20 messages, including 8 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

m-821C: Record A2-257. The file preserves the following case entry. What is the difference in cost between $(1 + 2)$ loaves of bread that cost \$2 each and 2 bagels that cost \$1 each? The entry was retained with the case materials for review.

h-015D: 2. Topic and conditions update

93/H3: Several field notes refer to difference, between, and total. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

W#85: A liaison asked whether the weather-sensitive update should be issued before 16:00. The answer depends on a later policy decision. The note was retained for the next review.

W&10: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

5p65: 3. Related observations and service notes

M#84: Record 0E-296. The file preserves the following case entry. Jenna reeled in 4 trouts last weekend, the first trout weighed 78 pounds, the second trout weighed 38 pounds, and the last trout weighed $(17 + 19)$ pounds. If each pound of trout sells for \$0.25, how much money will Jenna make after selling all her trouts? The entry was retained with the case materials for review.

99R369: The support team has received related comments about difference, between, and total; some mention weather conditions and others concern routine service access. The note was retained for the next review.

77V237: The support desk has received several comments related to difference, between, and total. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

M&79: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

J&87: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

69J149: 3.1 Coordination and records

92/F2: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

R20-EBB: Record F8-843. The file preserves the following case entry. In a separate final and value and required record, Dr logged 35 items in one category and (3 + 8) in another. What is the difference between the two counts? The entry was retained with the case materials for review.

6560: Record 4B-835. The file preserves the following case entry: Leila harvests 290 strawberries on Tuesday. Then she harvests 389 strawberries on Wednesday. On Thursday, she harvests double the number of strawberries she did on Tuesday. How many strawberries does Leila have? The entry was retained with the case materials for review.

92/U2: 5. Questions for the coordination call

9m59: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

y-585F: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

45M365: The monitoring log contains 30 references to difference and between, alongside routine status updates. Can all 30 references be reviewed before the 17:00 check-in? The review lead will decide on the next step after checking the files.

8b08: A liaison also received 12 requests mentioning difference and between. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

p-558A: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

n-679D: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

I#12: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

46/G6: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

L23: A progress log contains 26 entries associated with the current case. At the review, the open item was restated as: According to the brief's case material concerning difference and between, what final value is required? Could the item be closed before the 15:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 22 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

64R404: The planning desk grouped 35 follow-up notes under the same request. One note asks: According to the brief's case material concerning difference and between, what final value is required? Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

3567: Record FF-587. The file preserves the following case entry. Rohan was setting up for a dinner party at his house, where he planned to serve roasted chicken. He realized that he was out of paper plates, so he bought a new package of plates. Later, his wife also bought a package of 10 new plates and gave them to Rohan. While Rohan was making the roasted chicken, he used eight of the plates to serve his sauces. Later, when he went to set the table, he had a total of $(13 + 18)$ plates. How many plates were in the package that Rohan bought? The entry was retained with the case materials for review.

r-785U: A coordinator marked 20 status updates for later attention. The accompanying prompt reads: According to the brief's case material concerning difference and between, what final value is required? Can the requested outcome be confirmed during the 9:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 22 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

o-787W: The case tracker lists 20 pending references for the briefing. Its next action item repeats: According to the brief's case material concerning difference and between, what final value is required? Should the team settle the item before the 10:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 31 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

I#50: Record 7B-620. The file preserves the following case entry. What is the total amount spent by Ibrahim on school supplies, given that he bought $(3 + 9)$ erasers at ¥10.75 each, 4 pencils at ¥11.25 each, and spent an additional ¥21 on other supplies? The entry was retained with the case materials for review.

B&38: The planning group prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 35 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

60/E0: A working summary for according, the, brief, quantitative, scenario was circulated among the field liaison. The summary lists 36 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

Y&02: The review panel recorded 60 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

w-454Q: For the current case, the planning group assembled 25 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

v-578F: A liaison maintained 38 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

25Q285: The operations desk added 31 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
