

## Quantitative Case File

X&05: Regional Operations Brief — prepared for the 9:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

### P#76: 1. Purpose and reading note

25Y115: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

L#03:

| Team           | On-call staff | Next check-in |
|----------------|---------------|---------------|
| Roads          | 14            | 09:30         |
| Parks          | 9             | 10:15         |
| Communications | 9             | 11:00         |

Z35: The morning desk received 29 messages, including 3 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

74/X4: The support team has received related comments about virus, infects, and computers; some mention weather conditions and others concern routine service access. The note was retained for the next review.

### 1315: 2. Topic and conditions update

5#05: Several field notes refer to virus, infects, and computers. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

O#05: A liaison asked whether the weather-sensitive update should be issued before 15:00. The answer depends on a later policy decision. The note was retained for the next review.

Q#69: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

### 8f38: 3. Related observations and service notes

L#86: The support desk has received several comments related to virus, infects, and computers. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

G05: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

E#74: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

### M&83: 3.1 Coordination and records

C#14: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

200510: Record EB-101. The file preserves the following case entry. What is the total number of orders processed by Sakura and Nia in a week, given that Sakura processes  $(22 + 33)$  orders per day and Nia processes three times as many orders as Sakura per day, with both working as many calendar days as lie between 31 Dec this year and 7 Jan next year a week? The entry was retained with the case materials for review.

### R#10: 4. Facilities and meeting logistics

21S721: The east meeting room is reserved for 16 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

R4F-C92: Record A4-534. The file preserves the following case entry. In a separate about and virus and infects record, the case owner counted 43 items in the first review and  $(4 + 6)$  in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

| Item             | Owner          | Due time |
|------------------|----------------|----------|
| Attendance notes | Secretariat    | 17:00    |
| Notice review    | Communications | 13:00    |
| Route update     | Roads          | 15:30    |
| Venue access     | Facilities     | 14:00    |

## Z&66: 5. Questions for the coordination call

H13: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

Z76: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

W73: The monitoring log contains 15 references to virus and infects, alongside routine status updates. Can all 15 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

2632: A liaison also received 9 requests mentioning virus and infects. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

G&05: Record 03-501. The file preserves the following case entry. Gabrielle writes the entire English alphabet (1 + 1) times, then writes half of the alphabet once. She repeats this entire process one more time. How many letters has Gabrielle written in total? The entry was retained with the case materials for review.

S#18: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

U&06: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

2656: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

A92: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

1687: A progress log contains 38 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, what is the requested result for the report's scenario about virus and infects? Could the item be closed before the 15:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

8007: The planning desk grouped 16 follow-up notes under the same request. One note asks: For this revised scenario, what is the requested result for the report's scenario about virus and infects? Would a further review call before 11:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

R33-509: Record 8E-147. The file preserves the following case entry. In a separate about and virus and infects record, the case owner counted (8 + 11) items in the first review and 27 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

c-607A: A coordinator marked 24 status updates for later attention. The accompanying prompt reads: For this revised scenario, what is the requested result for the report's scenario about virus and infects? Can the requested outcome be confirmed during the 14:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 15 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

I&54: The case tracker lists 10 pending references for the briefing. Its next action item repeats: For this revised scenario, what is the requested result for the report's scenario about virus and infects? Should the team settle the item before the 10:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 23 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

Y&84: Record 28-307. The file preserves the following case entry. Maria reads novels after school every evening. On Monday and Tuesday, she read a 6-hour novel each night. On Wednesday, she read several short stories that each took her a span in minutes running from 11:51pm to 12:21am to finish. On Thursday, she finished early and read a 3-hour novel plus one (10 + 20)-minute short story. On Friday, she had extra time and read two novels that were each 2 hours long. If Maria spent a total of 23 hours reading during the week, how many short stories did she read on Wednesday? The entry was retained with the case materials for review.

u-664N: The coordination office prepared a detailed briefing note about for, this, revised, scenario, what. It logged 51 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

e-515D: A working summary for for, this, revised, scenario, what was circulated among the planning group. The summary lists 19 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

S&57: The review panel recorded 51 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

R5D-05F: Record 2A-547. The file preserves the following case entry. In a separate about and virus and infects record, the case owner counted 31 items in the first review and (13 + 16) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

S#87: For the current case, the records team assembled 19 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

36W528: Record 07-980. The file preserves the following case entry. Ibrahim bought (5 + 7) erasers at \$10.75 each and 4 pencils at \$11.25 each. He also bought a ruler for \$21. How much did Ibrahim spend in total for the school supplies? The entry was retained with the case materials for review.

RBB-3A4: Record C9-177. The file preserves the following case entry. In a separate about and virus and infects record, the case owner counted 34 items in the first review and (5 + 8) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

6245: A liaison maintained 60 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

K41: The field liaison added 40 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

6312: The coordination office prepared a detailed briefing note about for, this, revised, scenario, what. It logged 29 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

72W2: A working summary for for, this, revised, scenario, what was circulated among the field liaison. The summary lists 61 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

3m73: The field liaison recorded 41 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

F#06: For the current case, the review panel assembled 58 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

73T383: A liaison maintained 31 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. A related note in the file stated: A virus infects ten computers.

80/P0: The field liaison added 64 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

P#29: Record FF-191. The file preserves the following case entry. A man usually buys rice at Rs. 20 per kg but this week he had to buy rice that was 40% more expensive per kg. If he consumes 2 kg of rice daily and bought enough for a week, and also spent Rs. (1 + 2) on something else, what was his total bill for the week? The entry was retained with the case materials for review.

C#83: The review panel prepared a detailed briefing note about for, this, revised, scenario, what. It logged 30 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

52/T2: A working summary for for, this, revised, scenario, what was circulated among the field liaison. The summary lists 56 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

87Q287: The planning group recorded 63 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

3o83: For the current case, the records team assembled 57 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

Y26: Record DE-194. The file preserves the following case entry. Rohan was setting up for a dinner party at his house, where he planned to serve roasted chicken. He realized that he was out of paper plates, so he bought a new package of plates. Later, his wife also bought a package of (4 + 6) new plates and gave them to Rohan. While Rohan was making the roasted chicken, he used eight of the plates to serve his sauces. Later, when he went to set the table, he had a total of 31 plates. How many plates were in the package that Rohan bought? The entry was retained with the case materials for review.

90/L0: A liaison maintained 49 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reference note | The review panel added 51 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Follow-up note | Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams. |

N07: The review panel prepared a detailed briefing note about for, this, revised, scenario, what. It logged 37 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review.

The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

t-388E: A working summary for for, this, revised, scenario, what was circulated among the review panel. The summary lists 34 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

23/P3: The coordination office recorded 59 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

87X357: For the current case, the records team assembled 23 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

09/V9: A liaison maintained 36 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

A&39: The planning group added 26 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session.

The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Q42: The coordination office prepared a detailed briefing note about for, this, revised, scenario, what. It logged 29 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

Q#42: Record D6-737. The file preserves the following case entry. A hospital has 1800 beds with 1/4 filled. Due to an epidemic, 40 new patients are admitted every day. Calculate the total number of empty beds in the hospital after  $(1 + 2)$  weeks. The entry was retained with the case materials for review.

8234: A working summary for for, this, revised, scenario, what was circulated among the operations desk. The summary lists 43 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

g-238F: The records team recorded 57 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

84C154: For the current case, the coordination office assembled 43 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

1n81: A liaison maintained 64 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

S18: The coordination office added 29 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

9949: The field liaison prepared a detailed briefing note about for, this, revised, scenario, what. It logged 47 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

B&05: A working summary for for, this, revised, scenario, what was circulated among the field liaison. The summary lists 26 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

Z#24: Record DA-717. The file preserves the following case entry. Tom harvested 6 salmon last Saturday, the first salmon he harvested weighs 54 pounds, the second salmon he harvested weighs 46 pounds, and the last salmon he harvested weighs  $(7 + 16)$  pounds. If a pound of salmon is worth \$2.0, how much money will he make after selling all his salmon at the market? The entry was retained with the case materials for review.

L#11: The coordination office recorded 48 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

v-633A: For the current case, the field liaison assembled 39 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

X&42: A liaison maintained 39 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

6315: The field liaison added 29 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

T#54: The planning group prepared a detailed briefing note about for, this, revised, scenario, what. It logged 36 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

89G169: A working summary for for, this, revised, scenario, what was circulated among the records team. The summary lists 22 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

B#95: The field liaison recorded 54 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Z25: For the current case, the field liaison assembled 36 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

9d89: A liaison maintained 50 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

B72: The records team added 18 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

3g13: The review panel prepared a detailed briefing note about for, this, revised, scenario, what. It logged 27 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

8003: A working summary for for, this, revised, scenario, what was circulated among the field liaison. The summary lists 49 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

71G191: The operations desk recorded 40 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

28/C8: Record 89-428. The file preserves the following case entry. James can chop 6 carrots a minute and roast 30 carrots in the number of minutes from 11:54 PM to 12:04 AM. How long will it take him to chop and cook  $(43 + 47)$  carrots? The entry was retained with the case materials for review.

W54: For the current case, the records team assembled 34 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

020: Record 4D-914. The file preserves the following case entry. A bookshelf is filled with  $(3 + 5)$  red books, thrice as many blue books, and an unknown number of green books. If there are 38 books on the bookshelf in total, how many green books are there? The entry was retained with the case materials for review.

61Q741: A liaison maintained 47 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

21/X1: Record 17-931. The file preserves the following case entry. What is the total amount spent by Ibrahim on school supplies, given that he bought  $(3 + 9)$  erasers at ¥10.75 each, 4 pencils at ¥11.25 each, and spent an additional ¥21 on other supplies? The entry was retained with the case materials for review.

19K959: The records team added 56 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

X#13: The review panel prepared a detailed briefing note about for, this, revised, scenario, what. It logged 41 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

560015: A working summary for for, this, revised, scenario, what was circulated among the field liaison. The summary lists 49 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

565: Record 0D-621. The file preserves the following case entry. A virus infects 2271 computers. Each day, every infected computer spreads the virus to six more computers. Determine the combined number of computers infected by the virus after a period of a duration equal to the days between 30 Dec this year and 2 Jan next year. The entry was retained with the case materials for review.

U&30: The operations desk recorded 19 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

2m62: Record 3D-372. The file preserves the following case entry. Ethan has (26 + 37) light blue boxes of crayons, 94 dark blue boxes of crayons, 77 light green boxes of crayons, and 80 dark green boxes of crayons. What percent of the boxes are blue? The entry was retained with the case materials for review.

m-261G: For the current case, the operations desk assembled 33 background notes concerning for, this, revised, scenario, what. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

M#99: A liaison maintained 21 reference points for the discussion of for, this, revised, scenario, what. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

x-921U: The coordination office added 51 items to a tracking sheet related to for, this, revised, scenario, what. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R8E-C51: Outcome record 8E-147: the final recorded value for case 8E-147 was 46. The review entry was filed.

R83-AA7: Outcome record 28-307: the final recorded value for case 28-307 was 7. The review entry was filed.

R11-OC8: Outcome record 07-980: the final recorded value for case 07-980 was 195. The review entry was filed.
