

## Quantitative Case File

35/F5: Record D0-895. The file preserves the following case entry. Tom collects 4 mangoes on Monday. Then he collects (2 + 4) mangoes on Tuesday. On Wednesday, he collects triple the number of mangoes he collected on Monday. How many mangoes does Tom have? The entry was retained with the case materials for review.

31A951: Regional Operations Brief — prepared for the 9:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

R97-090: Record B1-213. The file preserves the following case entry. In a separate seventh and graders and city record, There counted 41 items in the first review and (2 + 7) in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

### 62Y832: 1. Purpose and reading note

H#19: Record C7-248. The file preserves the following case entry. Rashmi needs to choose between handling her company's accounts or employing an accountant. If she handles the accounts herself, she will have (2 + 5) hours less for client work, resulting in a loss of \$42/hour. The accountant charges \$78. How much more money will Rashmi have if she employs the accountant? The entry was retained with the case materials for review.

R90-341: Record 34-988. The file preserves the following case entry. In a separate seventh and graders and city record, There counted 47 items in the first review and (5 + 16) in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

g39: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

E41:

| Team           | On-call staff | Next check-in |
|----------------|---------------|---------------|
| Roads          | 14            | 09:30         |
| Parks          | 9             | 10:15         |
| Communications | 7             | 11:00         |

3s53: The morning desk received 27 messages, including 7 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

### Y17: 2. Topic and conditions update

T92: Several field notes refer to seventh-graders, city, and school. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

2721: A liaison asked whether the weather-sensitive update should be issued before 18:00. The answer depends on a later policy decision. The note was retained for the next review.

10Q240: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

NW43: The support team has received related comments about seventh-graders, city, and school; some mention weather conditions and others concern routine service access. The note was retained for the next review.

L#45: Record 91-168. The file preserves the following case entry. Liam was setting up for a dinner party at his house, where he intended to serve roasted chicken. He noticed that he was out of glass glasses, so he bought a new package of glasses. Later, his wife also bought a package of (3 + 6) new glasses and gave them to Liam. While Liam was making the roasted chicken, he used ten of the glasses to sample his sauces. Later, when he went to set the table, he had a total of 24 glasses. How many glasses were in the package that Liam bought? The entry was retained with the case materials for review.

### G#06: 3. Related observations and service notes

7v27: The support desk has received several comments related to seventh-graders, city, and school. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

A#85: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

04/K4: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

40Y880: Record 3D-403. The file preserves the following case entry. A farmer is feeding his animals with hay. Each cow requires 5 kilograms, and each horse requires (1 + 2) kilograms less than twice the amount each cow needs. If there are 15 cows and 12 horses, how many kilograms of hay does the farmer need? The entry was retained with the case materials for review.

#### 4w04: 3.1 Coordination and records

1g21: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

#### C&08: 4. Facilities and meeting logistics

Q#80: The east meeting room is reserved for 22 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

R&T0

| Item             | Owner          | Due time |
|------------------|----------------|----------|
| Attendance notes | Secretariat    | 17:00    |
| Notice review    | Communications | 13:00    |
| Route update     | Roads          | 15:30    |
| Venue access     | Facilities     | 14:00    |

#### f-9862: 5. Questions for the coordination call

24/N4: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

5944: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

0180: The monitoring log contains 14 references to seventh-graders and city, alongside routine status updates. Can all 14 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

8994: A liaison also received 5 requests mentioning seventh-graders and city. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting. A related note in the file stated: On Friday, 6 seventh-grade girls and 3 seventh-grade boys were absent.

4074: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

2585: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

55/L5: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

2922: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

R80-79D: Record 62-958: The file preserves the following case entry. In a separate seventh and graders and city record, There counted 31 items in the first review and (14 + 18) in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

G879: A progress log contains 32 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Could the item be closed before the 13:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 26 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

85/D5: The planning desk grouped 25 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Would a further review call before 14:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

I838: A coordinator marked 16 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Can the requested outcome be confirmed during the 14:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 30 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

94Q394: The case tracker lists 34 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Should the team settle the item before the 13:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 25 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

7x37: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 32 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

Q#34: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 32 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

76/B6: The coordination office recorded 40 status entries connected with for, this, revised, scenario, use. Several entries mention quantifies, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

V#70: For the current case, the coordination office assembled 18 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

g-572V: A liaison maintained 63 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

u-720B: The operations desk added 51 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

2192: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 46 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

w-780P: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 38 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

19/P9: The review panel recorded 46 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

RC5-0A2: Record 1C-261. The file preserves the following case entry. In a separate seventh and graders and city record, There counted 37 items in the first review and (9 + 13) in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

4859: For the current case, the operations desk assembled 52 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

00/O0: A liaison maintained 29 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

H#14: The records team added 64 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

e-109E: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 19 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

E&92: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 62 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

U#58: Record 92-798. The file preserves the following case entry. Rohan collects (71 + 80) apples on Monday. Then he collects 136 apples on Tuesday. On Wednesday, he collects twice the number of apples he did on Monday. How many apples does Rohan have? The entry was retained with the case materials for review.

D#33: The operations desk recorded 42 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

T#73: For the current case, the planning group assembled 60 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

I#47: A liaison maintained 48 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

O#62: The field liaison added 54 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

W38: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 37 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the

remaining references are verified.

6x86: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 30 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

J502: The review panel recorded 47 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

n-974M: For the current case, the operations desk assembled 40 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

1u91: Record 52-843. The file preserves the following case entry. Camila currently has a certain number of potted plants. As many calendar days as lie between Dec 31 this year and Jan 2 next year ago, before receiving a new shipment of  $(9 + 20)$  potted plants, she had 52 times as many plants as there are days in a week. Tomorrow, she will give away 52 times as many plants as there are days in one week minus the day interval marked by 31 Dec this year and 1 Jan next year. How many potted plants will Camila have left after the giveaway tomorrow? The entry was retained with the case materials for review.

50U680: A liaison maintained 38 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

61/B1: The field liaison added 26 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

U#05: Record 78-795. The file preserves the following case entry. Lina is saving up for a new bicycle. She has asked her parents for help, and they have agreed to pay one fifth of the total price. If Lina currently has \$30 and the bike costs \$210, how much more money does she need? The entry was retained with the case materials for review.

T#54: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 22 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

K89: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 52 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

Q10: Record E6-120. The file preserves the following case entry. A fog is rolling into a city at a rate of 42 city blocks per hour. If the entire city has  $(16 + 26)$  blocks and each 10-minute interval covers 3 blocks, how many minutes will it take for the fog to cover the whole city? The entry was retained with the case materials for review.

Y79: The planning group recorded 18 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Q01: For the current case, the operations desk assembled 42 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

i-627O: A liaison maintained 50 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

6697: The planning group added 21 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

7i87: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 45 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

197: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 20 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

a-8420: The operations desk recorded 19 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

46N366: For the current case, the records team assembled 45 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

2338: A liaison maintained 36 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

T#50: Record 02-372. The file preserves the following case entry. Ethan was preparing for a birthday party at his house, where he intended to serve chicken salad. He noticed that he was out of paper cups, so he bought a new package of cups. Later, his wife also bought a package of 19 new cups and gave them to Ethan. While Ethan was making the chicken salad, he used seven of the cups to sample his chicken salad. Later, when he went to set the table, he had a total of  $(13 + 17)$  cups. How many cups were in the package that Ethan bought? The entry was retained with the case materials for review.

62/P2: The review panel added 53 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

5408: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 47 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

39/M9: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 28 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

F#53: The planning group recorded 18 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

38T528: For the current case, the review panel assembled 57 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

72/C2: A liaison maintained 31 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

8y08: The coordination office added 59 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

8112: Record 3C-114. The file preserves the following case entry. There are 1825 seventh-graders at Big City School. 33 of them are girls. On Friday, 6 seventh-grade girls and  $(1 + 2)$  seventh-grade boys were absent. Determine how many seventh-grade boys were at Big City School on Friday. The entry was retained with the case materials for review.

6b68: Record 53-721. The file preserves the following case entry. Jasmine spent half the time on a 6-hour trip running and half walking. If she can skip at  $\frac{3}{5}$  the speed that she can run, and she can skip at  $(2 + 4)$  miles per hour, and if she runs 5 times faster than she walks, how far did she travel on her trip? The entry was retained with the case materials for review.

F&03: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 21 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

F&51: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 64 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

84U104: The field liaison recorded 20 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

K#88: Record F2-443. The file preserves the following case entry. A bookstore has  $(28 + 35)$  romance novels, 94 mystery novels, 77 sci-fi books, and 80 fantasy books. What percent of the books are novels? The entry was retained with the case materials for review.

|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reference note | For the current case, the planning group assembled 61 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. Follow-up note | One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. |

q-360F: A liaison maintained 60 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

808: The field liaison added 62 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

L#42: Record 16-122. The file preserves the following case entry. To park in a city garage, you must pay \$0.8 for each hour of parking. After  $(13 + 17)$  hours, that rate drops to \$0.4 per hour. How much would a 55-hour parking session cost? The entry was retained with the case materials for review.

0r60: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 35 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

3175: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 56 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

9w09: The planning group recorded 61 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will

compare the status entries with the supporting materials during the next review.

Q&23: For the current case, the planning group assembled 29 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

44/X4: A liaison maintained 19 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

348: The records team added 55 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
