RE9-C01: Record 96-145. The file preserves the following case entry, in a separate concerning and julia and farm record, Julia counted 21 items in the first review and $(9 + 11)$ in the second review. How many items did Julia count altogether? The entry was retained with the case materials for review.

X&04: The records team recorded 46 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

F37: For the current case, the planning group assembled 20 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

48W458: Record A3-179. The file preserves the following case entry. Tom takes $(2 + 4)$ math classes and 4 science classes every day from Monday to Friday. Each of his classes is the minutes separating 23:21 from 00:21 long. On Saturday and Sunday, he attends $\frac{2}{5}$ of the total time he spends in class during the weekdays. How many hours does Tom spend in class per week? The entry was retained with the case materials for review.

4676: A liaison maintained 36 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

67/R7: The operations desk added 36 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

46/M6: Record 39-575. The file preserves the following case entry. Tara was getting ready for a dinner party at her place, planning to serve chicken roast. She realized she needed more serving dishes, so she purchased a set. Later, her sister also bought her a set of 19 new serving dishes. While Tara was preparing the chicken roast, she used seven of the dishes to taste her roast. When it was time to serve, she had a total of $(13 + 17)$ serving dishes. How many serving dishes were in the set that Tara bought? The entry was retained with the case materials for review.
