p-836W: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

R26-5F1: Record A1-571. The file preserves the following case entry. In a separate concerning and total and amount record, Isaac recorded (2 + 3) supplies at \$7 each. How much was recorded for those supplies altogether? The entry was retained with the case materials for review.

NW21: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

6064: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

71/Y1: A progress log contains 19 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning total and amount. Could the item be closed before the 15:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

66/K6: The planning desk grouped 34 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning total and amount. Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 20 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

C22: A coordinator marked 23 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning total and amount. Can the requested outcome be confirmed during the 15:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

1s61: The case tracker lists 36 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning total and amount. Should the team settle the item before the 13:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 15 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.
