

Quantitative Case File

I&O4: Regional Operations Brief — prepared for the 8:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

H#67: 1. Purpose and reading note

13/N3: Record 55-160. The file preserves the following case entry. A university is allocating concert tickets to its students and faculty. The concert venue has a capacity of 8000 people. The university has decided to reserve seats for all its graduate students and faculty members, with 600 and 200 respectively. If there are 600 graduate students, how many concert tickets will each graduate student get if the remaining tickets are distributed equally among them? The entry was retained with the case materials for review.

V#69: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

b-179N: Record 29-599. The file preserves the following case entry. Carlos placed 5 dozen toy cars around the house for a scavenger hunt. Maria finds 4 cars. Ben finds twice as many as Maria. Ava finds $(2 + 2)$ fewer than Ben, and Leo finds a quarter as many as Ava. How many toy cars remain hidden in the house? The entry was retained with the case materials for review.

52/J2:

Team	On-call staff	Next check-in
Roads	8	09:30
Parks	6	10:15
Communications	8	11:00

K51: The support team has received related comments about virus, impacts, and people; some mention weather conditions and others concern routine service access. The note was retained for the next review.

143: The morning desk received 42 messages, including 2 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

U&10: 2. Topic and conditions update

R82-2C0: Record 47-423. The file preserves the following case entry. In a separate final and value and required record, the case owner counted 20 items in the first review and $(4 + 8)$ in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

8031: Several field notes refer to virus, impacts, and people. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. R80-BB3: Record 83-287. The file preserves the following case entry. In a separate final and value and required record, the case owner counted $(17 + 22)$ items in the first review and 21 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

63/D3: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

43/N3: 3. Related observations and service notes

14/Y4: The support desk has received several comments related to virus, impacts, and people. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

N&90: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

C#98: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

a-372F: 3.1 Coordination and records

N&58: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

Y81: 4. Facilities and meeting logistics

h-262I: Record 20-649. The file preserves the following case entry. Carlos caught (2 + 2) bass last Saturday, the first bass he caught weighs 78 pounds; the second bass he caught weighs 38 pounds, and the last bass he caught weighs 36 pounds. If a pound of bass sells for \$0.25, how much will he make after selling all the bass at the market? The entry was retained with the case materials for review.

2g22: The east meeting room is reserved for 13 attendees, with 1 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

Route update	Roads	15:30
Venue access	Facilities	14:00

s-857M: 5. Questions for the coordination call

Y&47: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review. A related note in the file stated: Determine the number of people altogether that are infected by the virus after the day interval marked by Dec 29 this year and Jan 1 next year.

A&84: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

9b99: The monitoring log contains 28 references to virus and impacts, alongside routine status updates. Can all 28 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

F&79: Record F4-982. The file preserves the following case entry. Tom has (3 + 7) containers of candy pieces in his pantry. Each container of candy pieces can top 18 cakes. Tom wants to bake enough cakes to use up all of his candy pieces. If each tray holds 9 cakes, how many trays worth of cakes should he bake? The entry was retained with the case materials for review.

33/E3: A liaison also received 4 requests mentioning virus and impacts. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

52W&82:

Section	Details	
Reference note	The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. Follow-up note	A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

64/O4: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

K81: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

A&35: Record 2B-887: The file preserves the following case entry. What is the total number of unoccupied hospital beds after two weeks, given that the hospital initially has 1000 beds, with 1/5 of them occupied, and (24 + 26) new patients are admitted each day? The entry was retained with the case materials for review.

64R904: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference.
