

Quantitative Case File

96H596: Regional Operations Brief — prepared for the 10:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

J#24: 1. Purpose and reading note

52/W2: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review. A related note in the file stated: A farmer needs to buy feed for his animals and purchases 4 bags of oats weighing 4 pounds each, 12 bags of beets weighing 8 pounds each, 19 bags of hay weighing 16 pounds each, and 32 bags of wheat weighing 37 pounds each.

W52:

Team	On-call staff	Next check-in
Roads	13	09:30
Parks	8	10:15
Communications	10	11:00

49S319: The morning desk received 23 messages, including 4 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

O&72: 2. Topic and conditions update

76M916: The support team has received related comments about farmer, needs, and feed; some mention weather conditions and others concern routine service access. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

2c32: Several field notes refer to farmer, needs, and feed. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

96C296: A liaison asked whether the weather-sensitive update should be issued before 14:00. The answer depends on a later policy decision. The note was retained for the next review.

w-430X: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

48/H8: 3. Related observations and service notes

E#60: The support desk has received several comments related to farmer, needs, and feed. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

321: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

C&30: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

H38: Record 95-334. The file preserves the following case entry. Kayla can do her own tax return in $(2 + 4)$ hours at a rate of €70 per hour. If she hires an accountant it will take her 1 hour and the accountant charges €79 per tax return. How much money will Kayla save by hiring an accountant instead of doing her taxes herself? The entry was retained with the case materials for review.

4263: 3.1 Coordination and records

62N602: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

71K561: Record AA-478. The file preserves the following case entry. A farmer is feeding his animals with hay. Each cow requires $(2 + 3)$ kilograms, and each horse requires 3 kilograms less than twice the amount each cow needs. If there are 15 cows and 12 horses, how many kilograms of hay does the farmer need? The entry was retained with the case materials for review.

I#95: 4. Facilities and meeting logistics

E47: The east meeting room is reserved for 13 attendees, with 3 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

W#69:

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

P90: 5. Questions for the coordination call

P70: Record B2-499. The file preserves the following case entry. A farmer needs to buy feed for his animals and purchases $(2 + 2)$ bags of oats weighing 4 pounds each, 12 bags of beets weighing 8 pounds each, 19 bags of hay weighing 16 pounds each, and 32 bags of wheat weighing 1418 pounds each. Given that his farm truck can carry a maximum load of 200 pounds per trip, how many trips does he need to make to transport all the feed? The entry was retained with the case materials for review.

134: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

o-510A: Distribution; emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

m-9510: The monitoring log contains 25 references to farmer and needs, alongside routine status updates. Can all 25 references be reviewed before the 17:00 check-in? The review lead will decide on the next step after checking the files.

K&92: A liaison also received 5 requests mentioning farmer and needs. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

58Y998: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

68/P8: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

92A592: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

G#33: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

58/L8: A progress log contains 34 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, according to the brief's case material concerning farmer and needs, what final value is required? Could the item be closed before the 11:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 18 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

196: The planning desk grouped 18 follow-up notes under the same request. One note asks: For this revised scenario, according to the brief's case material concerning farmer and needs, what final value is required? Would a further review call before 13:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 32 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

d-133V: A coordinator marked 16 status updates for later attention. The accompanying prompt reads: For this revised scenario, according to the brief's case material concerning farmer and needs, what final value is required? Can the requested outcome be confirmed during the 10:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 12 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

6378: The case tracker lists 36 pending references for the briefing. Its next action item repeats: For this revised scenario, according to the brief's case material concerning farmer and needs, what final value is required? Should the team settle the item before the 15:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

2302: Record E7-776. The file preserves the following case entry. A farmer has 17 cows and 20 donkeys. Each cow requires twice as much silage per day as a donkey, but eats $(3 + 6)$ kg less than double the amount a donkey eats. If each donkey eats 12 kg of silage per day, how many kilograms of silage does the farmer need in total to feed all the cows and donkeys for as many days as between this year's Dec 31 and next year's Jan 1? The entry was retained with the case materials for review.

H858: The field liaison prepared a detailed briefing note about for, this, revised, scenario, according. It logged 25 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

867: A working summary for for, this, revised, scenario, according was circulated among the planning group. The summary lists 42 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

u-593R: Record 5A-256. The file preserves the following case entry. Mia has 73 bright pink spools of thread, 140 fuchsia spools of thread, 60 turquoise spools of thread, and $(40 + 42)$ teal spools of thread. What percent of the spools are pink? The entry was retained with the case materials for review.

D#50: The coordination office recorded 33 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

22/C2: For the current case, the field liaison assembled 54 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

P#39: A liaison maintained 41 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

75/15: Record B3-307. The file preserves the following case entry. Priya is preparing feed for her animals. Each goat requires 8 kg, and each horse needs 1 kg less than twice what each goat gets. If she has (17 + 19) goats and 17 horses, how many kilograms of feed does Priya need in total? The entry was retained with the case materials for review.

w-943E: The records team added 40 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

RBC-608: Record CE-649. The file preserves the following case entry. In a separate final and value and required record, the case owner counted (9 + 11) items in the first review and 12 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

G#84: The operations desk prepared a detailed briefing note about for, this, revised, scenario, according. It logged 60 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

2x32: A working summary for for, this, revised, scenario, according was circulated among the planning group. The summary lists 50 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

X&72: The operations desk recorded 54 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

32E402: For the current case, the field liaison assembled 49 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

1713: A liaison maintained 30 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

71/K1: The coordination office added 55 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

P31: The operations desk prepared a detailed briefing note about for, this, revised, scenario, according. It logged 55 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

T#53: A working summary for for, this, revised, scenario, according was circulated among the operations desk. The summary lists 44 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

O#26: Record 1E-207. The file preserves the following case entry. Ashley has 75 acres of strawberry farm. There are (35 + 42) strawberries per acre. Ashley can pick her strawberries every 12 months. How many strawberries can Ashley harvest within a year? The entry was retained with the case materials for review.

R2F-6C2: Record A2-534. The file preserves the following case entry. In a separate final and value and required record, the case owner counted 22 items in the first review and (9 + 11) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

8i08: The operations desk recorded 57 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

P&02: For the current case, the planning group assembled 64 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

78/S8: A liaison maintained 47 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

E&84: The field liaison added 29 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

J&02: The records team prepared a detailed briefing note about for, this, revised, scenario, according. It logged 50 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

5307: Record DD-283. The file preserves the following case entry. A farmer has 17 cows and 20 donkeys. Each cow needs 2 times 12 kilograms of silage minus 9 kilograms of silage per day, and each donkey needs (3 + 9) kilograms of silage per day. How many kilograms of silage do the farmer's cows and donkeys need in total per day? The entry was retained with the case materials for review.

D&24: A working summary for for, this, revised, scenario, according was circulated among the field liaison. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

43G993: Record 10-209. The file preserves the following case entry. Rohan was setting up for a dinner party at his house, where he planned to serve roasted chicken. He realized that he was out of paper plates, so he bought a new package of plates. Later, his wife also bought a package of 10 new plates and gave them to Rohan. While Rohan was making the roasted chicken, he used eight of the plates to serve his sauces. Later, when he went to set the table, he had a total of (10 + 21) plates. How many plates were in the package that Rohan bought? The entry was retained with the case materials for review.

X&40: The review panel recorded 56 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

28/O8: For the current case, the review panel assembled 55 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

K&86: A liaison maintained 58 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

119: The coordination office added 22 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

19/Q9: Record 08-552. The file preserves the following case entry. Lena must choose between preparing her tax return herself or employing a tax professional. By doing it herself, she will forgo (2 + 4) hours of consulting work, resulting in lost earnings of \$70/hour. The tax professional's fee is \$79. How much more will she be left with if she hires the tax professional? The entry was retained with the case materials for review.

g-455Y: The records team prepared a detailed briefing note about for, this, revised, scenario, according. It logged 21 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves

administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

W#99:

Section	Details
Reference note	A working summary for for, this, revised, scenario, according was circulated among the coordination office. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

RAA-671: Record D6-718. The file preserves the following case entry. In a separate final and value and required record, the case owner counted 39 items in the first review and (6 + 15) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

j-285R: The field liaison recorded 42 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Z&54: For the current case, the operations desk assembled 35 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

32K622: A liaison maintained 54 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

4v84: The review panel added 44 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Z33: The review panel prepared a detailed briefing note about for, this, revised, scenario, according. It logged 56 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

8404: Record 4A-844. The file preserves the following case entry. A girl has 14 stamps. Her sister has (2 + 3) fewer stamps than she has. How many stamps do they have together? The entry was retained with the case materials for review.

5d15: A working summary for for, this, revised, scenario, according was circulated among the coordination office. The summary lists 26 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

3193: The field liaison recorded 46 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

6p66: For the current case, the field liaison assembled 45 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

2320: A liaison maintained 59 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

D&82: The field liaison added 54 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

8640: Record 64-158. The file preserves the following case entry. A cloud of smoke spreads over a town. It takes a duration in minutes equal to the gap between 10 44 pm and 1 40 am to cover every 35 miles of the town. If the town is 70 miles

across from one edge to the other, how many minutes will it take for the cloud of smoke to cover the whole town? The entry was retained with the case materials for review.

65/05: The operations desk prepared a detailed briefing note about for, this, revised, scenario, according. It logged 37 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

E#81: A working summary for for, this, revised, scenario, according was circulated among the review panel. The summary lists 64 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

Z&59: The coordination office recorded 49 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

O&65: For the current case, the planning group assembled 46 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

6695: A liaison maintained 20 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R&26: The coordination office added 46 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

H&14: The planning group prepared a detailed briefing note about for, this, revised, scenario, according. It logged 26 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

RCA-C17: Record 7F-444. The file preserves the following case entry. In a separate final and value and required record, the case owner counted (17 + 19) items in the first review and 17 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

21Q241: Record 2B-818. The file preserves the following case entry. Sanjay has 328 peanuts to put on some trays. Each tray can hold 37 peanuts. If he has (2 + 5) trays, how many peanuts won't he be able to put on the trays? The entry was retained with the case materials for review.

P&20: A working summary for for, this, revised, scenario, according was circulated among the operations desk. The summary lists 56 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

i-386F: The coordination office recorded 52 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

35/15: For the current case, the operations desk assembled 43 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

M#36: A liaison maintained 32 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

e-405Q: The coordination office added 31 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

J&28: The review panel prepared a detailed briefing note about for, this, revised, scenario, according. It logged 63 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

50/C0: A working summary for for, this, revised, scenario, according, was circulated among the coordination office. The summary lists 33 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

2543: The records team recorded 42 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

6c66: For the current case, the coordination office assembled 63 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

D#18: A liaison maintained 57 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

5309: The coordination office added 28 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R7E-444: Outcome record 2B-818: the final recorded value for case 2B-818 was 69. The review entry was filed.

R7C-4F2: Outcome record B3-307: the final recorded value for case B3-307 was 543. The review entry was filed.
