

Quantitative Case File

44/C4: Record EE-318. The file preserves the following case entry. There are 1837 seventh-graders at Big City School. 33 of them are girls. On Friday, $(2 + 4)$ seventh-grade girls and 3 seventh-grade boys were absent. Determine how many seventh grade boys were at Big City School on Friday. The entry was retained with the case materials for review.

A836: Record D4-284. The file preserves the following case entry. If she has enough frosting to frost 14 batches of $(6 + 13)$ cookies and she can bake 7 cookies per tray, how many trays will she need to bake all of the cookies? The entry was retained with the case materials for review.

3m43: Regional Operations Brief — prepared for the 9:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

D#80: 1. Purpose and reading note

3eG3: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

3-82

Team	On-call staff	Next check-in
Roads	14	09:30
Parks	9	10:15
Communications	7	11:00

06/P6: The morning desk received 27 messages, including 7 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

94H774: 2. Topic and conditions update

Q&B9: Several field notes refer to seventh-graders, city, and school. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

q-459S: A liaison asked whether the weather-sensitive update should be issued before 18:00. The answer depends on a later policy decision. The note was retained for the next review.

B&53: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

H15: The support team has received related comments about seventh-graders, city, and school; some mention weather conditions and others concern routine service access. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

Z#42: Record 5A-162. The file preserves the following case entry. Ethan harvests 205 watermelons on Monday. Then he harvests $(45 + 52)$ watermelons on Tuesday. On Wednesday, he harvests quadruple the number of watermelons he did on Monday. How many watermelons does Ethan have? The entry was retained with the case materials for review.

Q67: 3. Related observations and service notes

k-309H: The support desk has received several comments related to seventh-graders, city, and school. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

32H912: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The

note was retained for the next review.

8s28: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

0160: 3.1 Coordination and records

X79: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

4337: 4. Facilities and meeting logistics

D60: The east meeting room is reserved for 22 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

Y412:

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

8736: 5. Questions for the coordination call

O#58: Should a second status call be added this afternoon? Can the public information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

I66: Record 46-514. The file preserves the following case entry. Samantha bought a jersey for \$22. She also bought a pair of leggings that were \$9 more than the jersey, a pair of shorts that were half the original price of \$78, and a headband that was originally priced at \$12 but was discounted by \$4 with her coupon. What is the total cost of all these items? The entry was retained with the case materials for review.

S&32: Distribution, emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

6x86: The monitoring log contains 21 references to seventh-graders and city, alongside routine status updates. Can all 21 references be reviewed before the 16:00 check-in? The review lead will decide on the next step after checking the files.

O&50: A liaison also received 7 requests mentioning seventh-graders and city. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

f-887V: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

D55: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

Z&11: Record 7D-865. The file preserves the following case entry. A fog is rolling into a city at a rate of 42 city blocks per hour. If the entire city has $(19 + 23)$ blocks and each 10-minute interval covers 3 blocks, how many minutes will it take for the fog to cover the whole city? The entry was retained with the case materials for review.

5356#3: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

8x68: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

P&52: A progress log contains 18 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Could the item be closed before the 9:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 26 related references during the reporting period and grouped them with the same subject area. Staff compared the notes

with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

435: The planning desk grouped 11 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Would a further review call before 16:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning desk, grouped, follow. The file logged 32 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

z-478B: A coordinator marked 16 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Can the requested outcome be confirmed during the 15:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 31 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

7k77: The case tracker lists 24 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning seventh-graders and city. Should the team settle the item before the 10:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 16 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

47L147: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 27 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

11/F1: A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 51 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

7g77: The operations desk recorded 24 status entries, connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

k-107K: For the current case, the records team assembled 47 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

WS1: A liaison maintained 61 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

i-928Y: The operations desk added 21 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

7227: The operations desk prepared a detailed briefing note about for, this, revised, scenario, use. It logged 20 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

7u47: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 58 observations, dates, and follow-up comments that may be relevant to later discussion. The note was

retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

F715Z: The field liaison recorded 56 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

X&11: For the current case, the coordination office assembled 54 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

38M54E: A liaison maintained 51 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

40/D0: The coordination office added 26 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

M&07: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 19 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

LW55: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 58 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

256E: The records team recorded 22 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

02/H2: For the current case, the coordination office assembled 21 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

Y&23: A liaison maintained 52 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R59-34A: Record EF-682. The file preserves the following case entry. In a separate seventh and graders and city record, There counted 31 items in the first review and (11 + 21) in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

57M617: The review panel added 31 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

1301: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 34 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

H61: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 62 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

C#56: The review panel recorded 48 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will

compare the status entries with the supporting materials during the next review.

C55: Record 53-451. The file preserves the following case entry: Rahul was preparing for a dinner party at his house, where he intended to serve roasted chicken. He noticed that he was out of knives, so he bought a new set of knives. Later, his wife also bought a set of 10 new knives and gave them to Rahul. While Rahul was making the roasted chicken, he used eight of the knives to prepare it. Later, when he went to set the table, he had a total of $(10 + 21)$ knives. How many knives were in the set that Rahul bought? The entry was retained with the case materials for review.

29/S9: For the current case, the operations desk assembled 61 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

1b41: A liaison maintained 50 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

W43: Record A6-632. The file preserves the following case entry: How long does it take Valentina to peel and cook 120 clams if she peels at a rate of $(2 + 6)$ clams per minute, each batch consists of 20 clams, and each batch takes the number of minutes from 11:55 p.m. to 12:00 a.m. to cook? The entry was retained with the case materials for review.

40/Y0: The field liaison added 62 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

O#38: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 58 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

8212

Section	Details
Reference note	A working summary for for, this, revised, scenario, use was circulated among the planning group. The summary lists 40 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

97C707: The operations desk recorded 63 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

T&25: For the current case, the operations desk assembled 28 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

B#80: A liaison maintained 22 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

262: Record 48-524. The file preserves the following case entry: Deandre is a fisherman who sells tuna at the market. If he caught 56 pounds of tuna on his first trip, 46 pounds on his second trip, and $(12 + 14)$ pounds on his third trip, and he sells each pound for \$0.50, how much money will he earn in total from all three trips? The entry was retained with the case materials for review.

3b43: The review panel added 59 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

V#82: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 19 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

VW85: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 61 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

4q54: Record 8C-548. The file preserves the following case entry. A hospital has a total capacity of 1000 beds. Currently, 1/5 of these beds are occupied by patients. If the hospital admits $(22 + 28)$ new patients each day, how many unoccupied beds will there be after two weeks? The entry was retained with the case materials for review.

124: The operations desk recorded 60 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

N16: For the current case, the review panel assembled 26 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

JW85: A liaison maintained 27 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

58/N8: The operations desk added 48 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

g-369X: The review panel prepared a detailed briefing note about for, this, revised, scenario, use. It logged 42 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

55S605: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 31 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

YW47: The operations desk recorded 19 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

o-680U: For the current case, the review panel assembled 63 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

f-740D: A liaison maintained 61 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

C&72: Record 94-498. The file preserves the following case entry. To park in a city garage, you must pay \$0.8 for each hour of parking. After $(12 + 15)$ hours, that rate drops to \$0.4 per hour. How much would a 55-hour parking session cost? The entry was retained with the case materials for review.

6v96: The field liaison added 47 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

REB-233: Record AC-222. The file preserves the following case entry. In a separate seventh and graders and city record, There counted (18 + 29) items in the first review and 21 in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

G806: Record A7-348. The file preserves the following case entry. What is the painter's yearly earnings in francs, given that he works the number of days from December 26 this year to January 1 next year a week, for (1 + 1) weeks every month, and earns F150 per day? The entry was retained with the case materials for review.

R9C-E23: Record 82-996. The file preserves the following case entry. In a separate seventh and graders and city record, There counted 37 items in the first review and (8 + 14) in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

I-052N: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 34 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

w-829C: Record 4F-993. The file preserves the following case entry. Arash bought 18 colored pencils at \$5.5 each, (3 + 5) pencils at \$16.25 each, and an eraser for \$24. How much did he spend in total for the school supplies? The entry was retained with the case materials for review.

A#12: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 44 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

c-009F: The review panel recorded 33 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

46/J6: For the current case, the coordination office assembled 56 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

97I877: A liaison maintained 55 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

4x94: The field liaison added 34 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be posed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R2F-3F0: Record 1C-779. The file preserves the following case entry. In a separate seventh and graders and city record, There counted (18 + 23) items in the first review and 9 in the second review. How many items did There count altogether? The entry was retained with the case materials for review.

K#28: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 36 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

Q#01:

Section	Details
Reference note	A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 42 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

4565: Record B3-124. The file preserves the following case entry. Eleanor has (34 + 41) square meters of strawberry field. There are 77 strawberries per square meter. Eleanor can harvest her strawberries every 12 months. How many strawberries can Eleanor harvest within a year? The entry was retained with the case materials for review.

WW99: The field liaison recorded 45 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the

status entries with the supporting materials during the next review.

E19: For the current case, the review panel assembled 50 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

h-276H: A liaison maintained 44 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. A related note in the file stated: There are 64 seventh-graders at Big City School.

NH47: The field liaison added 23 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
