u-007W: Record B9-666. The file preserves the following case entry. How many pizzas do three friends eat in total in one week if they eat 7, 5, and  $(2 + 2)$  pizzas respectively each day? The entry was retained with the case materials for review.

J&18: The morning desk received 29 messages, including 7 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

### 7506: 2. Topic and conditions update

21B781: Several field notes refer to virus, infects, and citizens. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

82L502: A liaison asked whether the weather-sensitive update should be issued before 15:00. The answer depends on a later policy decision. The note was retained for the next review.

5771: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

W48: The support team has received related comments about virus, infects, and citizens; some mention weather conditions and others concern routine service access. The note was retained for the next review.

### X#15: 3. Related observations and service notes

p-806E: The support desk has received several comments related to virus, infects, and citizens. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

9s89: Record 32-400. The file preserves the following case entry. Maria bought a t-shirt for \$24, shorts that cost \$10 more than the t-shirt, sneakers at  $\frac{1}{5}$  of their original price of \$50, and socks originally priced at \$6 but had a \$4 coupon. What was the total cost of the t-shirt, shorts, sneakers, and socks? The entry was retained with the case materials for review.

6m06: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

5t05: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

## T#05: 3.1 Coordination and records

19L689: Record B3-822. The file preserves the following case entry. What is the total cost of a t-shirt that costs \$24, shorts that are \$10 more than the t-shirt, sneakers that are 1/5 of their original \$50 price, and socks that originally cost \$6 but have a \$4 coupon discount? The entry was retained with the case materials for review.

R1C-BCD: Record 82-829. The file preserves the following case entry. In a separate concerning and virus and infects record, the case owner counted 19 items in the first review and (3 + 8) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

P#34: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

B#96: Record 97-835. The file preserves the following case entry. Viktor bought (5 + 11) folders at □5.75 each, 10 rulers at □18.5 each, and a box of paints for □21. How much did Viktor spend in total on school supplies? The entry was retained with the case materials for review.

## 8026: 5. Questions for the coordination call

C&77: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

3I43: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

G61: The monitoring log contains 14 references to virus and infects, alongside routine status updates. Can all 14 references be reviewed before the 16:00 check-in? The review lead will decide on the next step after checking the files.

M&32: A liaison also received 7 requests mentioning virus and infects. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

k-413J: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

1099: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

1d31: Record B6-302. The file preserves the following case entry. A tower is built with 8 blue blocks, three times as many yellow blocks, and an unknown number of red blocks. If there are  $(16 + 22)$  blocks in the tower in total, how many red blocks are there? The entry was retained with the case materials for review.

72/J2: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

04/U4: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

g-961R: A progress log contains 17 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and infects. Could the item be closed before the 13:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 23 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

k-650M: The planning desk grouped 12 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and infects. Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 17 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

85H985: A coordinator marked 30 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and infects. Can the requested outcome be confirmed during the 15:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 26 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

2d12: Record 3B-760. The file preserves the following case entry. An academic conference has a total of 9800 seats available for tickets. There are 350 faculty members and 1050 graduate students attending the conference. The conference organizers want to allocate the remaining tickets equally among the graduate students after setting aside tickets for the faculty members and graduate students. How many tickets will each graduate student receive? The entry was retained with the case materials for review.

4d64: The case tracker lists 12 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning virus and infects. Should the team settle the item before the 15:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

21/F1: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

B#17: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 20 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

75S755: The records team recorded 55 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

5153: For the current case, the planning group assembled 20 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

B07: A liaison maintained 23 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review.

The liaison will preserve the references for comparison with the complete scenario.

T#39: Record 06-254. The file preserves the following case entry. Deandre is a fisherman who sells tuna at the market. If he caught 56 pounds of tuna on his first trip, 46 pounds on his second trip, and (12 + 14) pounds on his third trip, and he sells each pound for \$0.50, how much money will he earn in total from all three trips? The entry was retained with the case materials for review.

76/Y6: The planning group added 19 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

21A401: Record 3F-725. The file preserves the following case entry. What is the total amount Faisal will earn from 4 cods, with the first cod paying ¥1.0 per (22 + 25) units, the second cod paying ¥1.0 per 55 units, and the remaining cods paying ¥1.0 per 24 units? The entry was retained with the case materials for review.

S&05: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 61 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

37W807: A working summary for for, this, revised, scenario, use was circulated among the coordination office. The summary lists 46 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

T#51: The review panel recorded 49 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

61/B1: For the current case, the planning group assembled 61 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

Q01: A liaison maintained 20 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

F#97: The records team added 25 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

5282: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 26 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified. A related note in the file stated: Every day, each infected citizen infects six others.

1a01: Record 56-815. The file preserves the following case entry. A hotel has 1900 rooms, with 2/5 currently booked. Each day, (37 + 43) new guests check into the hotel. Determine the total number of vacant rooms in the hotel after a period of 2 weeks. The entry was retained with the case materials for review.

R2C-495: Record 15-802. The file preserves the following case entry. In a separate concerning and virus and infects record, the case owner counted 33 items in the first review and (10 + 15) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

6u56: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 20 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

48/U8: The review panel recorded 34 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

8u88: For the current case, the planning group assembled 37 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One

follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference.
