

Quantitative Case File

6g76: Record 6D-122. The file preserves the following case entry. Emily is saving for a summer camp. Her parents have agreed to pay half of the camp fees. If Emily has \$50 and the total cost of the camp is \$300, how much more money does Emily need? The entry was retained with the case materials for review.

J92: Regional Operations Brief — prepared for the 10:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

24W124: 1. Purpose and reading note

I-230G: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

45/C5: Record C5-970. The file preserves the following case entry. Bodhi bought 22 rulers at ¥4.5 each and (3 + 5) colored pencils at ¥14.0 each. He also bought an eraser for ¥22. What is the total amount Bodhi spent on the school supplies? The entry was retained with the case materials for review.

17/7: Record 3A-813. The file preserves the following case entry. What is the total number of insects in a plot where for every wasp there are 7 bees and there are (37 + 41) wasps? The entry was retained with the case materials for review.

0w20:

Team	On-call staff	Next check-in
Roads	13	09:30
Parks	8	10:15
Communications	5	11:00

E80: Record BA-923. The file preserves the following case entry. How many pans does she need if she wants to bake 48 cupcakes, and each pan holds (4 + 8) cupcakes? The entry was retained with the case materials for review.

8x68: The morning desk received 18 messages, including 8 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

L#66: 2. Topic and conditions update

K36: Several field notes refer to magician, orbs, and eighth. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

7p57: A liaison asked whether the weather-sensitive update should be issued before 14:00. The answer depends on a later policy decision. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

19/X9: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

48/G8: 3. Related observations and service notes

73/C3: The support team has received related comments about magician, orbs, and eighth; some mention weather conditions and others concern routine service access. The note was retained for the next review.

8965: The support desk has received several comments related to magician, orbs, and eighth. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

O01: Record 8B-374. The file preserves the following case entry. Carlos can chop (2 + 6) vegetables a minute and grill 20 vegetables in the minutes separating 11 57 pm from 12 02 am. How long will it take him to chop and grill 120 vegetables? The entry was retained with the case materials for review.

r-930F: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

42/Y2: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

5q05: 3.1 Coordination and records

R42-921: Record E2-878. The file preserves the following case entry. In a separate concerning and magician and orbs record, the case owner counted 24 items in the first review and $(8 + 13)$ in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

D#81: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

Q#68: Record 8D-263. The file preserves the following case entry. If my daily calorie target is 2000 calories and I have already consumed 1800 calories today, and if a 300g bag of chips contains $(2 + 3)$ servings with each serving containing 250 calories, what is the maximum number of grams of chips I can eat without exceeding my calorie limit? The entry was retained with the case materials for review.

P#23: 4. Facilities and meeting logistics

RB1-4D8: Record 45-638. The file preserves the following case entry. In a separate concerning and magician and orbs record, the case owner counted 22 items in the first review and $(5 + 13)$ in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

6/46: Record F3-801. The file preserves the following case entry. A tower is constructed using 3 blue bricks, six times as many red bricks, and an unknown number of black bricks. If there are $(18 + 24)$ bricks in the tower in total, how many black bricks are there? The entry was retained with the case materials for review.

F&59: Record 26-860. The file preserves the following case entry. A magician has 2960 orbs. An eighth of the orbs are basketballs, and $1/10$ of the basketballs are deflated. Determine the number of deflated basketballs that are there. The entry was retained with the case materials for review.

262256: The east meeting room is reserved for 22 attendees, with 3 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

B2/Q2:

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

8690: 5. Questions for the coordination call

3r03: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

Q#15: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

W73: Record F7-158. The file preserves the following case entry. What is the total number of insects in a garden, given that for every wasp there are $(4 + 6)$ grasshoppers and there are 87 wasps? The entry was retained with the case materials for review.

S#09: The monitoring log contains 30 references to magician and orbs, alongside routine status updates. Can all 30 references be reviewed before the 16:00 check-in? The review lead will decide on the next step after checking the files.

5i35: A liaison also received 11 requests mentioning magician and orbs. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

W44: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

Z#24: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

P#42: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

6i56: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

68/18: A progress log contains 21 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning magician and orbs. Could the item be closed before the 14:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 29 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

3f13: The planning desk grouped 38 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning magician and orbs. Would a further review call before 15:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 27 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

E#21: A coordinator marked 17 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning magician and orbs. Can the requested outcome be confirmed during the 12:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

R49-843: Record 01-425. The file preserves the following case entry. In a separate concerning and magician and orbs record, the case owner counted 22 items in the first review and (3 + 10) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

98/E6: The case tracker lists 19 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning magician and orbs. Should the team settle the item before the 16:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

2171: The planning group prepared a detailed briefing note about for, this, revised, scenario, use. It logged 27 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

7k27: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 44 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

l#11: The review panel recorded 62 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

R23: Record 71-706. The file preserves the following case entry. In a (53 + 57)-item test, 40% of the questions are physics, and the rest are equally divided as math and computer science questions. If Rohan is sure to get 25% of the physics

questions, and 1/6 of the math and computer science questions correctly, how many points is he sure to get? The entry was retained with the case materials for review.

O#02: For the current case, the planning group assembled 24 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

e-778T: A liaison maintained 39 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

41N611: The coordination office added 58 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

72W022: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 50 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

8-757D:

Section	Details	
Reference note	A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 28 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Follow-up note	Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. A related note in the file stated: A magician has 640 orbs.

X&10: The operations desk recorded 39 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

30P580: For the current case, the coordination office assembled 62 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

g-453C: A liaison maintained 31 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

F&37: The coordination office added 31 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

81/V1: The operations desk prepared a detailed briefing note about for, this, revised, scenario, use. It logged 25 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

a-385A: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 33 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

6j16: The planning group recorded 45 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

2995: For the current case, the review panel assembled 61 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

J#69: A liaison maintained 40 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

2r42: The coordination office added 27 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

11/G1: Record 22-464. The file preserves the following case entry. David earned 354 points in a trivia contest. Emily scored (18 + 24) points more than half of David's score. What is the total number of points that David and Emily have together? The entry was retained with the case materials for review.

CA/18:

Section	Details
Reference note	The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 48 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

57/E7: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 28 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

9s39: The planning group recorded 21 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

F#90: For the current case, the planning group assembled 46 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

4c74: A liaison maintained 30 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

6796: The review panel added 19 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

J&26: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 21 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

0z40: Record 1C-337. The file preserves the following case entry. Rahul collects (71 + 80) stamps on Wednesday. Then he collects 136 stamps on Thursday. On Friday, he collects double the number of stamps he did on Wednesday. How many stamps does Rahul have? The entry was retained with the case materials for review.

V&63: A working summary for for, this, revised, scenario, use was circulated among the operations desk. The summary lists 51 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

96L666: The field liaison recorded 40 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

4a64: For the current case, the coordination office assembled 47 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

5534: A liaison maintained 52 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

D&86: The coordination office added 55 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

M20: The field liaison prepared a detailed briefing note about for, this, revised, scenario, use. It logged 26 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

t-778Q: A working summary for for, this, revised, scenario, use was circulated among the records team. The summary lists 39 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

11/X1: The planning group recorded 25 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

J69: For the current case, the planning group assembled 32 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

9u99: A liaison maintained 38 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

93/O3: The coordination office added 51 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

1111: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 43 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

e-410Y: A working summary for for, this, revised, scenario, use was circulated among the operations desk. The summary lists 47 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

J#96: The field liaison recorded 52 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

M&24: Record 5D-125. The file preserves the following case entry. Faisal caught (2 + 2) cods. The first one weighed 47 kilograms, the second weighed 55 kilograms and the rest were of average weight, which is 24 kilograms. How much will Faisal earn if he is paid ¥1.0 per kilogram? The entry was retained with the case materials for review.

M80: For the current case, the operations desk assembled 35 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

78/F8: A liaison maintained 36 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R57: The operations desk added 62 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Y#40: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 53 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

84L364: A working summary for for, this, revised, scenario, use was circulated among the review panel. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

R71-BAD: Record 93-339. The file preserves the following case entry. In a separate concerning and magician and orbs record, the case owner counted (5 + 13) items in the first review and 23 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

M#07: The coordination office recorded 57 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will

compare the status entries with the supporting materials during the next review.

A61: For the current case, the coordination office assembled 31 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

D95: A liaison maintained 47 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

5306: The records team added 47 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
