

Quantitative Case File

8b58: Regional Operations Brief — prepared for the 11:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

N#83: 1. Purpose and reading note

67S357: Record A9-367. The file preserves the following case entry. If three friends eat sushi together every day, with the first friend eating 5 rolls, the second eating $(1 + 2)$ rolls, and the third eating 6 rolls each day, how many sushi rolls do they eat in total over one week? The entry was retained with the case materials for review.

8b18: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

171E

Team	On-call staff	Next check-in
Roads	13	09:30
Parks	5	10:15
Communications	8	11:00

M#72: Record 86-144. The file preserves the following case entry. Ethan's truck stalls. The truck weighs 2550 kilograms and he is transporting equipment weighing 200 kilograms. He also has his 3 teenage siblings who each weigh $(23 + 27)$ kilograms inside. If the force required to move the truck is 1% of its total weight, how much force does Ethan need to exert to push the truck? The entry was retained with the case materials for review.

L#24: The morning desk received 21 messages, including 5 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

7c87: 2. Topic and conditions update

J#18: Several field notes refer to minimum, number, and trips. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

5850: The support team has received related comments about minimum, number, and trips; some mention weather conditions and others concern routine service access. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

8142: Record 58-467. The file preserves the following case entry. There are currently 19 blue pens, $(12 + 17)$ black pens, and 48 red pens in the store. Blue pens cost ¥13, red pens cost ¥6, and black pens cost ¥7. How much will the store have received after all the pens are sold? The entry was retained with the case materials for review.

T#02: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

J#79: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

31E401: 3. Related observations and service notes

86P54E: The support desk has received several comments related to minimum, number, and trips. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

J05: Record 63-720. The file preserves the following case entry. What is the total amount spent by Jamal on school supplies if he bought 24 notebooks at \$8.5 each, $(4 + 6)$ markers at \$12.0 each, and an additional \$22 worth of other supplies? The

entry was retained with the case materials for review.

4510: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

75/15: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

93S753: 3.1 Coordination and records

8w78: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

f-655Y: 4. Facilities and meeting logistics

59/89: Record 45-410. The file preserves the following case entry. A woman is preparing a special tea blend using two types of leaves in the ratio $(77 + 87):78$. If she used a total of 726 teaspoons for the mixture, how many teaspoons of the first type of leaf did she use? The entry was retained with the case materials for review.

C72: The east meeting room is reserved for 13 attendees, with 4 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

45T770:

Item	Owner	Due time
Attendance notes	Secretariat	17:00
Notice review	Communications	13:00
Route update	Roads	15:30
Venue access	Facilities	14:00

1q01: Record 34-285. The file preserves the following case entry. Determine the minimum number of trips a farmer needs to make in his farm truck to transport all the feed, given that he buys 4 sacks of wheat at 8 kgs each, 15 baskets of cucumbers at 8 kgs each, 20 bags of corn at 19 kgs each, and 32 bales of hay at 1468 kgs each, and his farm truck can carry a maximum load of $(90 + 100)$ kgs per trip. The entry was retained with the case materials for review.

36/6: Record 3F-948. The file preserves the following case entry. What is the maximum number of friends that a girl can invite to go go-karting if she has €260 to spend and it costs €4 for food, €4 for drinks, and €44 per person for the go-karts? The entry was retained with the case materials for review.

V58: 5: Questions for the coordination call

69/5: Should a second status call be added this afternoon? Can the public information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

45/55: Record 48-617. The file preserves the following case entry. A family consists of a mother who eats 5 pancakes per day, a father who eats 3 pancakes per day, and their daughter who eats $(2 + 6)$ pancakes per day. How many pancakes does the family eat in one week? The entry was retained with the case materials for review.

0u90: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

99D349: The monitoring log contains 26 references to minimum and number, alongside routine status updates. Can all 26 references be reviewed before the 17:00 check-in? The review lead will decide on the next step after checking the files.

44J194: A liaison also received 9 requests mentioning minimum and number. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

j-0510: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

W45: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

R5B-77D: Record 63-311. The file preserves the following case entry. In a separate final and value and required record, the case owner counted (14 + 25) items in the first review and 21 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

86C686: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

11/G1: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

o-572Z: A progress log contains 28 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, according to the brief's case material concerning minimum and number, what final value is required? Could the item be closed before the 9:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 31 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

R42-701: Record DB-304. The file preserves the following case entry. In a separate final and value and required record, the case owner counted 22 items in the first review and (9 + 11) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

o-171Z: The planning desk grouped 24 follow-up notes under the same request. One note asks: For this revised scenario, according to the brief's case material concerning minimum and number, what final value is required? Would a further review call before 15:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

37Z: A coordinator marked 37 status updates for later attention. The accompanying prompt reads: For this revised scenario, according to the brief's case material concerning minimum and number, what final value is required? Can the requested outcome be confirmed during the 13:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 18 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

96X905: The case tracker lists 30 pending references for the briefing. Its next action item repeats: For this revised scenario, according to the brief's case material concerning minimum and number, what final value is required? Should the team settle the item before the 13:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 16 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

g-436i: The operations desk prepared a detailed briefing note about for, this, revised, scenario, according. It logged 56 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

20E780: A working summary for for, this, revised, scenario, according was circulated among the coordination office. The summary lists 56 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

E14: The review panel recorded 53 status entries connected with for, this, revised, scenario, according. Several entries mention quantifies, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

O#32: For the current case, the operations desk assembled 63 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review.

The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

4d24: A liaison maintained 37 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R58-330: Record 63-350. The file preserves the following case entry. In a separate final and value and required record, the case owner counted 20 items in the first review and $(4 + 8)$ in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

24/D4: Record 28-232. The file preserves the following case entry. Ibrahim bought 12 erasers, each costing ¥10.75, and $(2 + 2)$ pencils, each costing ¥11.25. He also spent an additional ¥21 on notebooks. What is the total amount in yen that Ibrahim spent on all his school supplies? The entry was retained with the case materials for review.

W&85: The review panel added 51 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

79/9: The field liaison prepared a detailed briefing note about for, this, revised, scenario, according. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

B82238: A working summary for for, this, revised, scenario, according was circulated among the records team. The summary lists 21 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

8075: The records team recorded 29 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

P#61: For the current case, the field liaison assembled 40 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

8100: A liaison maintained 45 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

1161: Record 65-740. The file preserves the following case entry. What is the maximum number of friends that Sara can invite to go to the go-kart track if the track charges a \$5 safety fee and \$5 admission fee per person, and a \$10 rental fee per person for helmets and \$10 for a go-kart, if Sara has \$90 to spend? The entry was retained with the case materials for review.

S#47: The review panel added 51 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

30B140: The records team prepared a detailed briefing note about for, this, revised, scenario, according. It logged 58 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

G&73: A working summary for for, this, revised, scenario, according was circulated among the planning group. The summary lists 43 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

A61: The planning group recorded 34 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

11/A1: For the current case, the operations desk assembled 55 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

52/P2: A liaison maintained 54 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R03/2A3: Record 00-759. The file preserves the following case entry. In a separate final and value and required record, the case owner counted (16 + 20) items in the first review and 17 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

H#52: The field liaison added 26 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

2j32: The field liaison prepared a detailed briefing note about for, this, revised, scenario, according. It logged 19 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

84Y634: A working summary for for, this, revised, scenario, according was circulated among the review panel. The summary lists 53 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

G#57: The operations desk recorded 39 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

9y69: For the current case, the coordination office assembled 50 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

75W355: A liaison maintained 42 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

E#50: The operations desk added 29 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

I#57: The records team prepared a detailed briefing note about for, this, revised, scenario, according. It logged 23 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

b-468L: A working summary for for, this, revised, scenario, according was circulated among the coordination office. The summary lists 18 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

85J266: The field liaison recorded 45 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

P#49: For the current case, the planning group assembled 31 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

8g48: A liaison maintained 40 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison

provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

2316: The coordination office added 36 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

JW01: Record 32-193. The file preserves the following case entry. A company of 50 employees has different interests. (3 + 7) enjoy reading, 5 like to play tennis, and the rest either like to travel or practice yoga. How many like to travel if the number that like to practice yoga is twice the number that prefer playing tennis? The entry was retained with the case materials for review.

30/Y0: The review panel prepared a detailed briefing note about for, this, revised, scenario, according. It logged 45 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

9n09: A working summary for for, this, revised, scenario, according was circulated among the planning group. The summary lists 30 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

S38: The planning group recorded 57 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

790: For the current case, the records team assembled 43 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

C541: Record 30-229. The file preserves the following case entry. What is the total number of orders that Olivia and Kimia process together in a week, given that Olivia processes 36 orders per day and Kimia processes (2 + 5) times as many orders as Olivia per day? The entry was retained with the case materials for review.

23/E3: A liaison maintained 41 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

G504: The operations desk added 55 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

75L635: The field liaison prepared a detailed briefing note about for, this, revised, scenario, according. It logged 56 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

s-399A: A working summary for for, this, revised, scenario, according was circulated among the operations desk. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

5953: The field liaison recorded 64 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

8678: For the current case, the records team assembled 23 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were

received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

T&39: A liaison maintained 40 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

86Q936: The field liaison added 57 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

4q64: The planning group prepared a detailed briefing note about for, this, revised, scenario, according. It logged 58 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

T32: A working summary for for, this, revised, scenario, according was circulated among the operations desk. The summary lists 64 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

15G095: The field liaison recorded 55 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

5v45: For the current case, the planning group assembled 29 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

X&46: A liaison maintained 37 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

J91: The review panel added 30 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

Q#51: Record B5-394. The file preserves the following case entry: Tom has 4 boxes of red crayons and $(1 + 2)$ boxes of green crayons. Alex has half as many boxes of red crayons as Tom, and three times as many boxes of green crayons as Tom. How many boxes of crayons does Alex have? The entry was retained with the case materials for review.

17B657: The planning group prepared a detailed briefing note about for, this, revised, scenario, according. It logged 47 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

14/K4: A working summary for for, this, revised, scenario, according was circulated among the planning group. The summary lists 34 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

H#25: The field liaison recorded 48 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

68/P8: For the current case, the review panel assembled 24 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

v-108U: A liaison maintained 58 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this

and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

45/H5: The field liaison added 58 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.
