

## Quantitative Case File

h-099U: Regional Operations Brief — prepared for the 11:00 coordination call. This internal document combines service updates, weather-sensitive observations, planning notes, and open questions from several teams.

### 7m17: 1. Purpose and reading note

39G759: Each item in this brief is submitted by a different team. Dates, staff counts, message totals, and operational questions apply only to the item in which they appear. The note was retained for the next review.

CSX1

| Team           | On-call staff | Next check-in |
|----------------|---------------|---------------|
| Roads          | 13            | 09:30         |
| Parks          | 5             | 10:15         |
| Communications | 6             | 11:00         |

99/U9: The morning desk received 33 messages, including 5 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

7554: Record 7A-751. The file preserves the following case entry. A pack of donuts costs \$3. Muffins cost \$1 each. How much more do  $(2 + 3)$  packs of donuts cost than 4 muffins? The entry was retained with the case materials for review.

### 16/Z6: 2. Topic and conditions update

S#44: Record C9-875. The file preserves the following case entry. Carlos is spinning a 4-section spinner. How much more likely is it (expressed as a percentage) that he lands on a section numbered higher than  $(1 + 1)$  than that he lands on two even numbers consecutively? The entry was retained with the case materials for review.

RDE-630: Record C9-892. The file preserves the following case entry. In a separate final and value and required record, Fiona counted  $(20 + 30)$  items in the first review and 10 in the second review. How many items did Fiona count altogether? The entry was retained with the case materials for review.

L46: Several field notes refer to lila, selling, and chocolate. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

A&82: The support team has received related comments about lila, selling, and chocolate; some mention weather conditions and others concern routine service access. The note was retained for the next review.

YW35: A liaison asked whether the weather-sensitive update should be issued before 14:00. The answer depends on a later policy decision. The note was retained for the next review.

2595: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

### k-438W: 3. Related observations and service notes A related note in the file stated: Fiona is selling chocolate bars and lemon tarts for a charity event.

R64-C4A: Record 8E-945. The file preserves the following case entry. In a separate final and value and required record, Fiona counted  $(8 + 10)$  items in the first review and 24 in the second review. How many items did Fiona count altogether? The entry was retained with the case materials for review.

7q77: The support desk has received several comments related to lila, selling, and chocolate. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

2577: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

96G556: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained

for the next review. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

#### 64/U4: 3.1 Coordination and records

1820: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

#### f-613H: 4. Facilities and meeting logistics

9007: The east meeting room is reserved for 17 attendees, with 4 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

R7E-D59: Record 1B-148. The file preserves the following case entry. In a separate final and value and required record, Fiona counted 20 items in the first review and (4 + 6) in the second review. How many items did Fiona count altogether? The entry was retained with the case materials for review.

Page 3

| Item             | Owner          | Due time |
|------------------|----------------|----------|
| Attendance notes | Secretariat    | 17:00    |
| Notice review    | Communications | 13:00    |
| Route update     | Roads          | 15:30    |
| Venue access     | Facilities     | 14:00    |

#### P#84: 5. Questions for the coordination call

37/M7: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

G&12: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

51Q671: The monitoring log contains 13 references to Fiona and selling, alongside routine status updates. Can all 13 references be reviewed before the 17:00 check-in? The review lead will decide on the next step after checking the files.

4g94: A liaison also received 6 requests mentioning Fiona and selling. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

f-9611: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

n-026A: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

3086: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

66/N6: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

E32: A progress log contains 34 entries associated with the current case. At the review, the open item was restated as: According to the brief's case material concerning Fiona and selling, what final value is required? Could the item be closed before the 16:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

3i13: The planning desk grouped 35 follow-up notes under the same request. One note asks: According to the briefs case material concerning Fiona and selling, what final value is required? Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

S#69: A coordinator marked 26 status updates for later attention. The accompanying prompt reads: According to the briefs case material concerning Fiona and selling, what final value is required? Can the requested outcome be confirmed during the 10:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 18 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

06/R6: The case tracker lists 12 pending references for the briefing. Its next action item repeats: According to the briefs case material concerning Fiona and selling, what final value is required? Should the team settle the item before the 12:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 16 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

b-348S: The coordination office prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 31 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

16/F6: A working summary for according, the, brief, quantitative, scenario was circulated among the coordination office. The summary lists 26 observations, dates, and follow-up concepts that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

6n86: The coordination office recorded 32 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Q547: For the current case, the review panel assembled 43 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

73293

| Section        | Details                                                                                                                                                                                                                                         |                                                                                                                                                                                                              |
|----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reference note | Adjason maintained 37 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Follow-up note | Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. |

22/V2: The records team added 62 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

52/Q2: The coordination office prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 29 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

6350: Record 7B-334. The file preserves the following case entry. A boy has 15 books. His sibling has  $(1 + 2)$  fewer books than he does. How many books do they have together? The entry was retained with the case materials for review.

R#20: A working summary for according, the, brief, quantitative, scenario was circulated among the field liaison. The summary lists 44 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

a-381N: The review panel recorded 27 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

X#77: For the current case, the operations desk assembled 42 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

F38: A liaison maintained 55 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 9:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

R59-CBA: Record 3B-646. The file preserves the following case entry. In a separate final and value and required record, Fiona counted  $(15 + 22)$  items in the first review and 18 in the second review. How many items did Fiona count altogether? The entry was retained with the case materials for review.

14/14: Record C3-532. The file preserves the following case entry. The calorie target for today is 1905 calories. Having already consumed 1725 calories, if a 100-ounce bag of bread contains  $(2 + 3)$  servings with each serving having 450 calories, how many ounces of bread can I still eat? The entry was retained with the case materials for review.

G#84: The operations desk added 53 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

39Q389: The records team prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 53 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

4oD4: Record F4-778. The file preserves the following case entry. A pack of donuts costs \$2. Muffins cost \$1 each. How much more do  $(1 + 2)$  packs of donuts cost than 2 muffins? The entry was retained with the case materials for review.

86/Q6: A working summary for according, the, brief, quantitative, scenario was circulated among the review panel. The summary lists 49 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

24F124: The planning group recorded 38 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

m-165C: Record D3-723. The file preserves the following case entry. Liam caught 4 salmon last Sunday. the first salmon he caught weighs 70 kilograms, the second salmon he caught weighs 33 kilograms, and the last salmon he caught weighs  $(11 + 21)$  kilograms. If a kilogram of salmon costs €1.0, how much will he earn after selling all the salmon to the market? The entry was retained with the case materials for review.

N#83: For the current case, the review panel assembled 32 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

9m89: A liaison maintained 62 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

KW48: The planning group added 48 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

L886: The review panel prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 22 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

F51: A working summary for according, the, brief, quantitative, scenario was circulated among the records team. The summary lists 34 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

a-676H: The review panel recorded 38 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

K17: For the current case, the review panel assembled 56 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

48D446: Record 52-883. The file preserves the following case entry. Fiona is selling chocolate bars and lemon tarts for a charity event. On Friday, she sold 329 packs of chocolate bars and four fewer packs of lemon tarts than on Saturday. On Saturday, she sold 5 more packs of chocolate bars than on Friday and  $(5 + 10)$  packs of lemon tarts. Suppose the chocolate bars cost \$6 per pack and the lemon tarts cost \$15 per pack, how much did Fiona earn over the a day count matching 12/31 this year through 1/2 next year? The entry was retained with the case materials for review.

6q16: Record D0-510. The file preserves the following case entry. A woman consumes 5 energy bars per day, her daughter eats  $(2 + 2)$  energy bars per day, and their grandson eats 2 energy bars per day. How many energy bars does this family eat in one week? The entry was retained with the case materials for review.

60/A0: A liaison maintained 18 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

41Z731: The field liaison added 35 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

X58: Record 58-512. The file preserves the following case entry. A pack of donuts costs \$3. Muffins cost \$1 each. How much more do 5 packs of donuts cost than  $(2 + 2)$  muffins? The entry was retained with the case materials for review.

h-539A: The planning group prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 22 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

V14: A working summary for according, the, brief, quantitative, scenario was circulated among the field liaison. The summary lists 49 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

J27: The records team recorded 39 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

| Section        | Details                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                          |
|----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reference note | For the current case, the review panel assembled 62 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. 4316: Record 46-911. The file preserves the following case entry: How many trays does Sarah need if she has enough frosting for  $(8 + 8)$  batches of cookies, each batch containing 19 cookies, and each tray holds 7 cookies? The entry was retained with the case materials for review.

92/V2: A liaison maintained 38 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

V81: Record 31-918. The file preserves the following case entry: A single robot can harvest 5 tons of wheat per day using a bronze harvester. It can harvest twice as much with a gold harvester and 60% more with a platinum harvester than with a gold one. How many tons of wheat can 20 robots using platinum harvesters collect in a month with the count in days from 12/20 this year up to 1/19 next year? The entry was retained with the case materials for review.

41C291: The review panel added 29 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

09/M9: The planning group prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 43 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

7127: A working summary for according, the, brief, quantitative, scenario was circulated among the planning group. The summary lists 41 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

I-563D: The review panel recorded 23 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

v-179M: For the current case, the coordination office assembled 63 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

06/X6: Record 61-367. The file preserves the following case entry: Emily was hosting a birthday party and planned to serve pasta. She realized she had no plastic spoons, so she purchased a new pack of spoons. Later, her friend also bought a pack of 18 new spoons for Emily. While cooking the pasta, Emily used five of the spoons to taste-test her dish. When it was time to set the table, she counted a total of  $(12 + 17)$  spoons. How many spoons were in the package that Emily bought? The entry was retained with the case materials for review.

DW67: A liaison maintained 48 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

u-632J: The field liaison added 45 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

1j71: The review panel prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 57 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

6909: A working summary for according, the, brief, quantitative, scenario was circulated among the records team. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

1j11: The coordination office recorded 53 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

i-974G: For the current case, the records team assembled 63 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. The extended background record for According and brief and quantitative preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The note was retained for the next review. The note was retained for the next review.

21W191: A working summary for according, the, brief, quantitative, scenario was circulated among the review panel. The summary lists 43 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

81H051: The field liaison recorded 42 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

R&28: Record ED-372. The file preserves the following case entry. A hospital has a total capacity of 1000 beds. Currently, 1/5 of these beds are occupied by patients. If the hospital admits  $(24 + 26)$  new patients each day, how many unoccupied beds will there be after two weeks? The entry was retained with the case materials for review.

3027: For the current case, the records team assembled 61 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which

they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

C51: A liaison maintained 63 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

4688: The review panel added 48 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

01/U1: The review panel prepared a detailed briefing note about according, the, brief, quantitative, scenario. It logged 56 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

K36: A working summary for according, the, brief, quantitative, scenario was circulated among the records team. The summary lists 64 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

98/H8: The records team recorded 20 status entries connected with according, the, brief, quantitative, scenario. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

JW54: For the current case, the field liaison assembled 39 background notes concerning according, the, brief, quantitative, scenario. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

Z06: A liaison maintained 44 reference points for the discussion of according, the, brief, quantitative, scenario. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

N42: The review panel added 62 items to a tracking sheet related to according, the, brief, quantitative, scenario. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

R80-1A5: Outcome record 31-918: the final recorded value for case 31-918 was 9600. The review entry was filed.

R45-457: Outcome record 48-911: the final recorded value for case 48-911 was 38. The review entry was filed.
