I#17: Several field notes refer to many, minutes, and total. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

F#60: A liaison asked whether the weather-sensitive update should be issued before 18:00. The answer depends on a later policy decision. The note was retained for the next review.

R55-BCC: Record 43-289. The file preserves the following case entry. In a separate about and many and minutes record, the case owner counted $(10 + 14)$ items in the first review and 27 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

E33: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the

responsible team.

P&69: 3. Related observations and service notes

B&48: The support desk has received several comments related to many, minutes, and total. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

M#10: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

75/Z5: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

K#57: 3.1 Coordination and records

s-808Q: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

M&95: Record CE-686. The file preserves the following case entry. Erik purchased 16 notebooks that cost \$5.75 each, (3 + 7) pens that cost \$18.5 each, and a ream of printing paper that cost \$21. What was Erik's total expenditure? The entry was retained with the case materials for review.

H56: 4. Facilities and meeting logistics

a-257N: The east meeting room is reserved for 16 attendees, with 3 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

S&53: 5. Questions for the coordination call

K&86: Record EB-710. The file preserves the following case entry. A clinic has a total of 1800 rooms. Initially, 1/4 of the rooms are occupied by patients. If (18 + 22) new patients are admitted each day and each patient requires one room, how many unoccupied rooms will remain after three weeks, assuming no patients are discharged during this period? The entry was retained with the case materials for review.

54/I4: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

05/W5: Record 29-237. The file preserves the following case entry. How many minutes altogether did she spend if she completed 3 brain teasers, each taking the number of minutes from this year's Dec 30, 3:26am to next year's Jan 1, 2:54am, and 5 chess puzzles, each taking the minutes separating 11:58 p.m. from 12:08 a.m.? The entry was retained with the case materials for review.

I94: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

K#40: The monitoring log contains 29 references to many and minutes, alongside routine status updates. Can all 29 references be reviewed before the 17:00 check-in? The review lead will decide on the next step after checking the files.

C#84: A liaison also received 6 requests mentioning many and minutes. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

c-058R: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

53V233: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

5p25: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

4a84: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

J#70: A progress log contains 12 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, what is the requested result for the report's scenario about many and minutes? Could the item be closed before the 16:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 34 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

P#06: The planning desk grouped 13 follow-up notes under the same request. One note asks: For this revised scenario, what is the requested result for the report's scenario about many and minutes? Would a further review call before 9:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 29 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

1973: A coordinator marked 12 status updates for later attention. The accompanying prompt reads: For this revised scenario, what is the requested result for the report's scenario about many and minutes? Can the requested outcome be confirmed during the 15:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 27 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

E#49: The case tracker lists 21 pending references for the briefing. Its next action item repeats: For this revised scenario, what is the requested result for the report's scenario about many and minutes? Should the team settle the item before the 9:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

73H863: The field liaison prepared a detailed briefing note about for, this, revised, scenario, what. It logged 31 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

32/P2: A working summary for for, this, revised, scenario, what was circulated among the coordination office. The summary lists 42 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

S19: The review panel recorded 34 status entries connected with for, this, revised, scenario, what. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

RD5-F82: Record 34-206. The file preserves the following case entry.
