| Communications | 5             | 11:00         |

76/G6: The morning desk received 32 messages, including 7 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

### 86C516: 2. Topic and conditions update

x-258Z: Several field notes refer to zookeeper, stocking, and food. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

11/Q1: A liaison asked whether the weather-sensitive update should be issued before 18:00. The answer depends on a later policy decision. The note was retained for the next review.

00/E0: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

154: The support team has received related comments about zookeeper, stocking, and food; some mention weather conditions and others concern routine service access. The note was retained for the next review.

### 70/B0: 3. Related observations and service notes

F&73: The support desk has received several comments related to zookeeper, stocking, and food. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

52/S2: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

0n40: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

### 9b89: 3.1 Coordination and records

6165: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

### 54X684: 4. Facilities and meeting logistics

M869: Record B8-747. The file preserves the following case entry. A tea vendor mixes two ingredients in the ratio (66 + 69):21 to make a special blend. If she uses a total of 468 teaspoons for one batch, how many teaspoons of the first ingredient does she use? The entry was retained with the case materials for review.

4050: The east meeting room is reserved for 14 attendees, with 2 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing. A related note in the file stated: She purchases two 1-pound bags of special treats, four 12-pound crates of apples, forty-two 75-pound bundles of grass, and twenty 65-pound sacks of grain.

## 82/B2: 5. Questions for the coordination call

7q77: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

25H965: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

N878: The monitoring log contains 30 references to zookeeper and stocking, alongside routine status updates. Can all 30 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

22/X2: A liaison also received 9 requests mentioning zookeeper and stocking. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

18/N8: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

30/T0: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

17/F7: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

48/G8: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

H801: A progress log contains 30 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, according to the brief's case material concerning zookeeper and stocking, what final value is required? Could the item be closed before the 11:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 22 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

4736: The planning desk grouped 12 follow-up notes under the same request. One note asks: For this revised scenario, according to the brief's case material concerning zookeeper and stocking, what final value is required? Would a further review call before 11:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 25 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

r-867X: A coordinator marked 21 status updates for later attention. The accompanying prompt reads: For this revised scenario, according to the brief's case material concerning zookeeper and stocking, what final value is required? Can the requested outcome be confirmed during the 10:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a

short follow-up. The next review will revisit the topic after the remaining references are confirmed.

7604: The case tracker lists 11 pending references for the briefing. Its next action item repeats: For this revised scenario, according to the brief's case material concerning zookeeper and stocking, what final value is required? Should the team settle the item before the 9:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 21 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

43B983: The operations desk prepared a detailed briefing note about for, this, revised, scenario, according. It logged 62 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

2v62: A working summary for for, this, revised, scenario, according was circulated among the records team. The summary lists 32 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

l62: The records team recorded 30 status entries connected with for, this, revised, scenario, according. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

77L147: For the current case, the field liaison assembled 29 background notes concerning for, this, revised, scenario, according. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

60/N0: A liaison maintained 40 reference points for the discussion of for, this, revised, scenario, according. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

m-258S: Record 05-601. The file preserves the following case entry. If she has enough frosting to frost 14 batches of 19 cookies and she can bake  $(2 + 5)$  cookies per tray, how many trays will she need to bake all of the cookies? The entry was retained with the case materials for review.

1h31: Record 16-648. The file preserves the following case entry. Carlos was organizing a birthday party and realized he needed more forks, so he purchased a new pack of forks. Later, his friend also bought a pack of 18 forks for the party and gave them to Carlos. While preparing appetizers, Carlos used ten of the forks for taste-testing. When it was time to set the table, he counted a total of  $(10 + 20)$  forks. How many forks were in the package that Carlos bought? The entry was retained with the case materials for review.

86U116: The planning group added 35 items to a tracking sheet related to for, this, revised, scenario, according. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 10:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

0g60: The records team prepared a detailed briefing note about for, this, revised, scenario, according. It logged 45 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

R73-91E: Record E0-848. The file preserves the following case entry. In a separate final and value and required record, the case owner counted  $(15 + 21)$  items in the first review and 17 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

I-600I: A working summary for for, this, revised, scenario, according was circulated among the coordination office. The summary lists 57 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.
