## I&75: 5. Questions for the coordination call

W21: Should a second status call be added this afternoon? Can the public-information desk continue with its current staffing? These are policy and operational questions. The note was retained for the next review.

o-342R: Distribution: emergency planning, Roads, Parks, Library, and Communications. Please retain this document with the coordination records and use only verified updates in external communications.

66R536: The monitoring log contains 29 references to Nadia and selling, alongside routine status updates. Can all 29 references be reviewed before the 13:00 check-in? The review lead will decide on the next step after checking the files.

W#93: A liaison also received 6 requests mentioning Nadia and selling. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

q-726A: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

N#16: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

x-104Q: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

h-559N: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

u-603L: A progress log contains 20 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning Nadia and selling. Could the item be closed before the 14:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains, entries, associated. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier

updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

390869: The planning desk grouped 10 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning Nadia and selling. Would a further review call before 15:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 13 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

W#08: A coordinator marked 18 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning Nadia and selling. Can the requested outcome be confirmed during the 10:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 28 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

W59: Record 14-274. The file preserves the following case entry. Bodhi has 97 rows of pomegranates on his field, with 75 pomegranates in each row. If he can harvest his pomegranates 12 times in a year but it takes him (2 + 2) harvests to complete one cycle, how many pomegranates can Bodhi harvest per year? The entry was retained with the case materials for review.

Y&34: The case tracker lists 9 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning Nadia and selling. Should the team settle the item before the 12:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 32 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

e-4722: The operations desk prepared a detailed briefing note about for, this, revised, scenario, use. It logged 52 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

1z41: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 26 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

Z#24: The records team recorded 20 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Q&60: Record 90-313. The file preserves the following case entry. Rahul attends music classes every night after finishing his practice. On Monday and Tuesday, he listened to a 6-hour audiobook each night. On Wednesday, he listened to a few episodes of a 30-minute podcast. On Thursday, he finished practice early and listened to a (1 + 1)-hour audiobook and a 30-minute podcast. On Friday, he got to stay up late, so he listened to three 4-hour audiobooks. If he listened to 29 hours of audio in all, how many 30-minute episodes did he listen to on Wednesday? The entry was retained with the case materials for review.

77/X7: For the current case, the field liaison assembled 29 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

J&13: A liaison maintained 41 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.
