

Quantitative Case File

G#81: The monitoring log contains 16 references to the requested result and the scenario, alongside routine status updates. Can all 16 references be reviewed before the 14:00 check-in? The review lead will decide on the next step after checking the files.

5837: A liaison also received 4 requests mentioning the requested result and the scenario. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

3s23: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

0t90: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

REC-13E: Record FA-730. The file preserves the following case entry. In a separate with and larger and share record, After counted 38 items in the first review and $(7 + 9)$ in the second review. How many items did After count altogether? The entry was retained with the case materials for review.

30J080: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

91U1: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

21E551: A progress log contains 21 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, determine how much does the friend with the larger share pay. Could the item be closed before the 18:00 checkout? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 24 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

U#76: The planning desk grouped 26 follow-up notes under the same request. One note asks: For this revised scenario, determine how much does the friend with the larger share pay. Would a further review call before 10:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 21 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

UM70: A coordinator marked 15 status updates for later attention. The accompanying prompt reads: For this revised scenario, determine how much does the friend with the larger share pay. Can the requested outcome be confirmed during the 10:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 17 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

g-866J: The case tracker lists 32 pending references for the briefing. Its next action item repeats: For this revised scenario, determine how much does the friend with the larger share pay. Should the team settle the item before the 10:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 29 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

36G445: The records team prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 59 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

u-759G: Record 82-745. The file preserves the following case entry. A bookshelf has 200 fiction books on Saturday, and then it is restocked with $(71 + 74)$ more fiction books on Sunday. On Monday, the librarian adds four times the number of fiction books that were added on Saturday. How many fiction books are there now? The entry was retained with the case materials for review.

P59: A working summary for for, this, revised, scenario, determine was circulated among the operations desk. The summary lists 50 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

p-182L: The records team recorded 63 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 14:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

P#58: For the current case, the field liaison assembled 37 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

S#32: A liaison maintained 21 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

88J099: The field liaison added 60 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

F&24: Record 35-301. The file preserves the following case entry. How much would a (21 + 30)-minute phone call cost if the first the minutes separating 11:46 pm from 12:01 am are charged at £0.6 per minute and each additional minute is charged at £0.5 per minute? The entry was retained with the case materials for review.

I&63: The field liaison prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 37 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

23/H3: A working summary for for, this, revised, scenario, determine was circulated among the planning group. The summary lists 25 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

s-902D: The records team recorded 36 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

61A921: For the current case, the field liaison assembled 44 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

94FD94: A liaison maintained 38 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

2630: The field liaison added 50 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

S&08: The operations desk prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 25 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

A52: A working summary for for, this, revised, scenario, determine was circulated among the records team. The summary lists 43 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which

materials require a formal response.

H#75: Record 60-331. The file preserves the following case entry. The school play team prepared 200 balloons. The Santos siblings each popped 11 balloons. All the other balloons except (3 + 9) were popped by their classmates. How many balloons did the classmates pop? The entry was retained with the case materials for review.

T#06: The review panel recorded 50 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

n-462A: For the current case, the coordination office assembled 20 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 9:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

7d77: A liaison maintained 21 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

3c73: The field liaison added 45 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

P78: The operations desk prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 35 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

C34: A working summary for for, this, revised, scenario, determine was circulated among the records team. The summary lists 61 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

X30: The operations desk recorded 30 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

j-760C: For the current case, the field liaison assembled 28 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

q-326V: A liaison maintained 18 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

P#63: The records team added 45 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

16U246: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 49 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

q-395Q: A working summary for for, this, revised, scenario, determine was circulated among the records team. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

d-537M: The coordination office recorded 30 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

2127: For the current case, the coordination office assembled 34 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

D&23: A liaison maintained 19 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

41X931: The records team added 38 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

3u63: The review panel prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

H&77: A working summary for for, this, revised, scenario, determine was circulated among the review panel. The summary lists 61 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

b-111F: The operations desk recorded 48 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

17R567: Record 32-368: The file preserves the following case entry. If 3 family members eat burritos for breakfast, 5 members eat burritos for lunch, and $(1 + 1)$ members eat burritos for dinner, how many burritos do they eat in a week, assuming this eating pattern is consistent every day? The entry was retained with the case materials for review.

WNB3: For the current case, the review panel assembled 41 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

S&88: A liaison maintained 41 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

VW71: The coordination office added 38 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

n-928E: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 36 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 14:00 checkpoint? The coordinator will attach source material after the remaining references are verified. A related note in the file stated: Two friends share the cost of a \$36 game in the ratio 2:1.

4Q76: A working summary for for, this, revised, scenario, determine was circulated among the coordination office. The summary lists 21 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

UW37: Record 7A-681: The file preserves the following case entry. Carlos placed 6 dozen candies around the house for a scavenger hunt. Ava collects $(5 + 7)$ candies. Leo gathers twice as many as Ava. Emma finds 4 fewer than Leo, and Max picks up a quarter as many as Emma. How many candies remain hidden in the house? The entry was retained with the case materials for review.

0c40: The records team recorded 38 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

97/J7: For the current case, the field liaison assembled 64 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

40P150: Record 6E-531. The file preserves the following case entry. Two friends share the cost of a \$246 game in the ratio $(1 + 1):1$. Determine how much does the friend with the larger share pay. The entry was retained with the case materials for review.

NW73: Record 5B-258. The file preserves the following case entry. Liam is deciding whether to mow his lawn himself or hire one gardener. If he does it himself, he'll be able to do $(2 + 5)$ fewer hours of tutoring, losing ¥42/hour in missed income. The gardener charges ¥78. How much more money will he have if he hires the gardener? The entry was retained with the case materials for review.

f-831D: A liaison maintained 44 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

8o48: The review panel added 35 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

1v21: The review panel prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 29 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

j-517I: A working summary for for, this, revised, scenario, determine was circulated among the records team. The summary lists 43 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

8j48: Record 23-121. The file preserves the following case entry. A university is allocating concert tickets to its students and faculty. The concert venue has a capacity of 8000 people. The university has decided to reserve seats for all its graduate students and faculty members, with 600 and 200 respectively. If there are 600 graduate students, how many concert tickets will each graduate student get if the remaining tickets are distributed equally among them? The entry was retained with the case materials for review.

3g33: The planning group recorded 20 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

77O177: For the current case, the field liaison assembled 55 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

5t25: A liaison maintained 43 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

Gr50: The review panel added 59 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

E#33: The operations desk prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 43 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

69P129: A working summary for for, this, revised, scenario, determine was circulated among the operations desk. The summary lists 24 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

RD0-F83: Record 83-637. The file preserves the following case entry: In a separate with and larger and share record, After counted (22 + 27) items in the first review and 16 in the second review. How many items did After count altogether? The entry was retained with the case materials for review.

96D206: The review panel recorded 50 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references.

Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

G807: Record 11-392. The file preserves the following case entry: Thiago and his friend are assembling a puzzle with 1,326 pieces. Thiago completed $\frac{3}{4}$ of the first box, which had 336 pieces. Then he finished a second box that contained 738 pieces. How many total pieces did Thiago complete? The entry was retained with the case materials for review.

F#66: For the current case, the coordination office assembled 44 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

e-123J: Record C4-267. The file preserves the following case entry: How many pomegranates can Benjamin harvest per year if he has (37 + 40) rows of pomegranate trees with 75 trees in each row, and he can harvest them once every year? The entry was retained with the case materials for review.

D#40: A liaison maintained 23 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 16:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

6j26: The operations desk added 35 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

5732: The records team prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 47 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

95/W5: A working summary for for, this, revised, scenario, determine was circulated among the review panel. The summary lists 27 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

G849: The operations desk recorded 61 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

X54: For the current case, the review panel assembled 59 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

d-501C: Record CD-954. The file preserves the following case entry: A pie has (11 + 19) slices. If Alex eats 2 slices per day while Jamie eats twice as many, how many days will the pie last? The entry was retained with the case materials for review.

K&47: A liaison maintained 47 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will

preserve the references for comparison with the complete scenario.

Q240:

Section	Details	
Reference note	The review panel added 51 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Follow-up note	Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

G77: The records team prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 45 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 10:00 checkpoint? The coordinator will attach source material after the remaining references are verified.
