

Quantitative Case File

05/S5: The monitoring log contains 19 references to the requested result and the scenario, alongside routine status updates. Can all 19 references be reviewed before the 15:00 check-in? The review lead will decide on the next step after checking the files.

3057: A liaison also received 7 requests mentioning the requested result and the scenario. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

W&38: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

1q61: Record 8A-856. The file preserves the following case entry. The coffee shop sells tea for 75 cents and muffins for (60 + 65) cents. Ali spent $\square 1200$ and got 9 cups of tea and had 6% of his money left in change. How many muffins did he buy? The entry was retained with the case materials for review.

1749: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

w-759G: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

86/C6: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

4237: A progress log contains 38 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, determine how many 200-milliliter servings can be poured from a pitcher that contains 2 liters of juice. Could the item be closed before the 14:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 26 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

L&64: The planning desk grouped 28 follow-up notes under the same request. One note asks: For this revised scenario, determine how many 200-milliliter servings can be poured from a pitcher that contains 2 liters of juice. Would a further review call before 11:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk grouped, follow. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

h-806V: Record 53-777. The file preserves the following case entry. David earned 354 points in a trivia contest. Emily scored $(19 + 23)$ points more than half of David's score. What is the total number of points that David and Emily have together? The entry was retained with the case materials for review.

3r23: A coordinator marked 9 status updates for later attention. The accompanying prompt reads: For this revised scenario, determine how many 200-milliliter servings can be poured from a pitcher that contains 2 liters of juice. Can the requested outcome be confirmed during the 14:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 29 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

T19: The case tracker lists 26 pending references for the briefing. Its next action item repeats: For this revised scenario, determine how many 200-milliliter servings can be poured from a pitcher that contains 2 liters of juice. Should the team settle the item before the 16:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 30 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

W13: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 38 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

10/U0: A working summary for for, this, revised, scenario, determine was circulated among the field liaison. The summary lists 37 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

38/O8: The records team recorded 19 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

26/Z6: Record FF-275. The file preserves the following case entry. A teacher had 4 dozen chocolates hidden in the staff room for a surprise. David discovered 9 chocolates. Emily found twice as many as David. Frank found $(1 + 1)$ less than Emily, and George found $1/8$ as many as Frank. How many chocolates are still hidden in the staff room? The entry was retained with the case materials for review.

11Q521: For the current case, the coordination office assembled 37 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

V02: A liaison maintained 25 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

3594: The field liaison added 52 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

03/S3: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 50 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

n-035V: A working summary for for, this, revised, scenario, determine was circulated among the planning group. The summary lists 51 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

1-684M: The review panel recorded 54 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 10:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

n-220W: For the current case, the coordination office assembled 48 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

H#08: A liaison maintained 33 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

G58: The operations desk added 52 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 13:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

66/S5: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 28 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

E#78: A working summary for for, this, revised, scenario, determine was circulated among the planning group. The summary lists 36 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

1616: The review panel recorded 60 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 11:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

K&38: For the current case, the field liaison assembled 38 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

0a30: A liaison maintained 34 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

T&64: The operations desk added 28 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

58/V8: The records team prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 48 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

s-358P: A working summary for for, this, revised, scenario, determine was circulated among the planning group. The summary lists 45 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

87G577: The review panel recorded 50 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 17:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

1871: For the current case, the planning group assembled 20 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

6047: A liaison maintained 56 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

s-150R: The review panel added 46 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

56/R6: Record C9-502. The file preserves the following case entry. Ava travels 24 kilometers daily on her bike route, which consists of $(3 + 9)$ kilometers of riding uphill and 12 kilometers of riding downhill. When riding downhill, Ava goes at twice the speed she maintains when riding uphill. If she spends the same number of minutes as 11:26 p.m. to 12:26 a.m. riding uphill, how many minutes does it take Ava to finish her entire 24-kilometer ride? The entry was retained with the case materials for review.

q-781N: The field liaison prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 16:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

P#14: Record 5D-334. The file preserves the following case entry. Leila owns 60 greenhouses of tomatoes. There are $(31 + 38)$ tomato plants per greenhouse. Leila can pick her tomatoes every 2 months. How many tomatoes can Leila harvest within a year? The entry was retained with the case materials for review.

6882: A working summary for for, this, revised, scenario, determine was circulated among the coordination office. The summary lists 25 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

45/V5: The review panel recorded 28 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

F#11: For the current case, the planning group assembled 59 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

o-436S: A liaison maintained 27 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 13:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

28D84E: The coordination office added 48 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

7h97: Record 3D-852. The file preserves the following case entry. Leela harvests $(72 + 79)$ apples on Monday. Then she harvests 136 apples on Tuesday. On Wednesday, she harvests double the number of apples she did on Monday. How many apples does Leela have? The entry was retained with the case materials for review.

15B3: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 36 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

C98: A working summary for for, this, revised, scenario, determine was circulated among the field liaison. The summary lists 49 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

u-042O: The records team recorded 19 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 15:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

Z#87: For the current case, the coordination office assembled 25 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 16:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

M#87: A liaison maintained 36 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

g-503C: The review panel added 20 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 12:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

y-715O: The planning group prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 26 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

8433: A working summary for for, this, revised, scenario, determine was circulated among the field liaison. The summary lists 55 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials

require a formal response.

3m13: The records team recorded 55 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

z-540W: For the current case, the records team assembled 29 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 12:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

r-274A: A liaison maintained 37 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

T&59: The records team added 38 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 14:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

29U019: The review panel prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 41 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 11:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

65/N5: Record 3E-435. The file preserves the following case entry. When James babysits his niece, he brings out several games for her. The box of puzzles contains 31 pieces. The basket of dolls has 8 dolls in it. The rack of toy cars holds $(2 + 7)$ cars. James recently purchased a set of marbles, making the total number of toys for his niece reach 62. How many marbles are in the set? The entry was retained with the case materials for review.

1-25 IL

Section	Details
Reference note	A working summary for for, this, revised, scenario, determine was circulated among the records team. The summary lists 35 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

12/J2: Record 08-639. The file preserves the following case entry. A father consumes $(2 + 4)$ pizzas per day, his partner consumes 5 pizzas per day, and their granddaughter consumes 7 pizzas per day. How many pizzas does this family eat in one month? The entry was retained with the case materials for review.

61T131: The records team recorded 39 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

A&70: For the current case, the operations desk assembled 22 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

8088: A liaison maintained 49 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 11:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

24/G4: The records team added 64 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 16:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

M816: The review panel prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 47 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 17:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

X59: A working summary for for, this, revised, scenario, determine was circulated among the operations desk. The summary lists 46 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review. The extended background record for this and revised and scenario preserves administrative observations, scheduling details, and staff comments for later reference. The note was retained for the next review. The note was retained for the next review.

4u74: Record T6-771. The file preserves the following case entry. A family of three has a father who eats 5 tacos per day, a mother who eats 3 tacos per day, and their daughter who consumes (3 + 5) tacos daily. How many tacos does this family consume in one week? The entry was retained with the case materials for review.

REB-2EA: Record 87-458. The file preserves the following case entry. In a separate contains and liters and juice record, the case owner counted 26 items in the first review and (9 + 18) in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

M33: The review panel recorded 30 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

A90: For the current case, the planning group assembled 22 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 11:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

X19: A liaison maintained 34 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 14:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

62U712: The field liaison added 51 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

M833: The records team prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 20 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

6s26: A working summary for for, this, revised, scenario, determine was circulated among the field liaison. The summary lists 49 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

3686: The field liaison recorded 64 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

38J108: For the current case, the field liaison assembled 54 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 14:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

LW28: A liaison maintained 21 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 17:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

i-848F: The records team added 39 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 15:00 session. The note was retained for the next review. The

next report will note any follow-up needed from the participating teams.

94/4: The coordination office prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 19 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 12:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

76D806: A working summary for for, this, revised, scenario, determine was circulated among the coordination office. The summary lists 53 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

RF8-BB1: Record 79-712. The file preserves the following case entry. In a separate contains and liters and juice record, the case owner counted 39 items in the first review and $(3 + 9)$ in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

6141: The coordination office recorded 38 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 12:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

C16: For the current case, the review panel assembled 21 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

75/A5: A liaison maintained 19 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 15:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

92/R2: Record 53-363. The file preserves the following case entry. Tom has 32 liters of juice to make different flavored drinks. He can make large servings that use 4 liters per serving, standard servings that use 2 liters, and small servings that use $1/2$ a liter. If he makes 3 large servings, $(2 + 5)$ standard servings, and 8 small servings, how many liters of juice does he have left? The entry was retained with the case materials for review.

p-853X: The records team added 27 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 11:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

75C155: The records team prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 18 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 15:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

1-610W: A working summary for for, this, revised, scenario, determine was circulated among the field liaison. The summary lists 37 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

H844: The operations desk recorded 44 status entries connected with for, this, revised, scenario, determine. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

B&22: For the current case, the field liaison assembled 40 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 13:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

63B493: Record 46-658. The file preserves the following case entry. What is the total number of sandwiches eaten by three people in a week, if one person eats 5 sandwiches, the second person eats 4 sandwiches, and the third person eats $(1 + 1)$ sandwiches in the number of days from 31 Dec this year to 1 Jan next year? The entry was retained with the case materials for review.

T#49: Record DD-189. The file preserves the following case entry. A bottle contains $(2 + 7)$ ml of juice. Priya drinks 2 bottles of juice. If each ml has 4 calories, how many calories did she drink? The entry was retained with the case materials for review.

0q00: Record 95-370. The file preserves the following case entry. Determine how many 200-milliliter servings can be poured from a pitcher that contains $(10 + 19)$ liters of juice. The entry was retained with the case materials for review.

RC1-381: Record 43-192. The file preserves the following case entry. In a separate contains and liters and juice record, the case owner counted 42 items in the first review and $(5 + 11)$ in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

6e06: A liaison maintained 21 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

37M447: The planning group added 23 items to a tracking sheet related to for, this, revised, scenario, determine. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 17:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

K40: The review panel prepared a detailed briefing note about for, this, revised, scenario, determine. It logged 40 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

RE0-38A: Record 0E-975. The file preserves the following case entry. In a separate contains and liters and juice record, the case owner counted $(8 + 15)$ items in the first review and 15 in the second review. How many items did the case owner count altogether? The entry was retained with the case materials for review.

2006: A working summary for for, this, revised, scenario, determine was circulated among the review panel. The summary lists 61 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

HM35: The records team recorded 48 status entries connected with for, this, revised, scenario, determine. Several entries mention quantifies, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 9:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

V43: For the current case, the planning group assembled 62 background notes concerning for, this, revised, scenario, determine. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 15:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

21E611: A liaison maintained 39 reference points for the discussion of for, this, revised, scenario, determine. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 12:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.
