| Team           | On-call staff | Next check-in |
|----------------|---------------|---------------|
| Roads          | 13            | 09:30         |
| Parks          | 8             | 10:15         |
| Communications | 6             | 11:00         |

F66: The morning desk received 26 messages, including 6 requests for follow-up. Can all messages be reviewed before the next check-in? The note was retained for the next review.

### 56/A6: 2. Topic and conditions update

H876: Record 1E-373. The file preserves the following case entry. In a collection of rare stamps, there are  $(13 + 17)$  vintage stamps, and 50% more modern stamps. Classic stamps are as many as the sum of vintage and modern stamps. How many stamps of all mentioned types are there? The entry was retained with the case materials for review.

Q#49: Several field notes refer to cruz, wants, and house. The note was retained for the next review. Staff have been asked to distinguish verified observations from planning scenarios in the public record.

4253: A liaison asked whether the weather-sensitive update should be issued before 17:00. The answer depends on a later policy decision. The note was retained for the next review.

I71: The support team has received related comments about cruz, wants, and house; some mention weather conditions and others concern routine service access. The note was retained for the next review.

R#12: Record 72-860. The file preserves the following case entry. Rahul went to buy some office stationery. He purchased 24 journals at \$8.5 each,  $(3 + 7)$  colored pens at \$12.0 each, and a ream of printing paper for \$22. How much did Rahul spend in total? The entry was retained with the case materials for review.

29/P9: Field reminders: 1. Record observations using the current incident form. 2. Refer public questions to the latest verified bulletin. 3. Keep planning exercises separate from operational updates. 4. Confirm any schedule changes with the responsible team.

### T#38: 3. Related observations and service notes

38/L8: The support desk has received several comments related to cruz, wants, and house. Some concern weather conditions, while others concern routine service access and public notices. The note was retained for the next review.

D&91: A school liaison asked whether the afternoon notice should be translated, and a transit operator requested the current bulletin for its drivers. Will the notice need a new headline? Communications will decide after the meeting. The note was retained for the next review.

XW00: For record keeping, the incident log uses observation, service question, and planning scenario as separate labels. The note was retained for the next review.

### h-418N: 3.1 Coordination and records

70/B0: Before the coordination call, each team should review its own entries for clarity and remove duplicate attachments. The Secretariat will combine confirmed service updates into the meeting record, while unresolved questions remain assigned to their originating team. The note was retained for the next review.

### X56: 4. Facilities and meeting logistics

5f55: The east meeting room is reserved for 20 attendees, with 1 visitor badges awaiting confirmation. Is the west entrance open after 18:30? Facilities will confirm access arrangements before the afternoon briefing.

TABLE:

| Item             | Owner          | Due time |

66/O6: The monitoring log contains 18 references to cruz and wants, alongside routine status updates. Can all 18 references be reviewed before the 15:00 check-in? The review lead will decide on the next step after checking the files.

RC8-ASB: Record 2C-821. The file preserves the following case entry. In a separate concerning and cruz and wants record, Given counted 19 items in the first review and  $(10 + 12)$  in the second review. How many items did Given count altogether? The entry was retained with the case materials for review.

33G093: A liaison also received 12 requests mentioning cruz and wants. Would adding a second review call reduce the outstanding requests by the end of the day? The liaison will raise that question at the next planning meeting.

V#16: The records office asked staff to keep confirmed observations separate from estimates, requests, and draft notices. A number in one administrative note may be discussed again in a later update. The team will reconcile the entries during its normal review.

73L293: For scheduling purposes, the coordination call has a provisional agenda and several teams may submit updates. The listed times are references for the meeting calendar and are retained in the file. Unresolved items remain with the team that submitted them.

m-074U: The facilities desk noted that visitor access and room setup will be confirmed later in the day. These arrangements may affect logistics and are tracked alongside the scenario. Staff will provide another update after the rooms are checked.

8501: A final distribution note asks recipients to retain the brief with their local records. It also reminds readers that routine service counts, dates, and operational questions are included in several sections. The document-management team will keep the full set together.

6y46: A progress log contains 37 entries associated with the current case. At the review, the open item was restated as: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning cruz and wants. Could the item be closed before the 15:00 check-in? The detailed figures are maintained in a separate worksheet. A supplementary review continued to discuss progress, contains entries associated. The file logged 33 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

2836: The planning desk grouped 14 follow-up notes under the same request. One note asks: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning cruz and wants. Would a further review call before 9:00 resolve the request? The planning note was circulated among the participating teams. A supplementary review continued to discuss planning, desk, grouped, follow. The file logged 19 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

5y45: Record 64-792. The file preserves the following case entry: If Jackie does her taxes herself, it takes her  $(1 + 2)$  hours and she values her time at \$35 per hour, but if she hires an accountant it will cost her \$90, how much money will she save by hiring the accountant? The entry was retained with the case materials for review.

V13: A coordinator marked 13 status updates for later attention. The accompanying prompt reads: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning cruz and wants. Can the requested outcome be confirmed during the 16:00 review? The update was retained for the next review. A supplementary review continued to discuss coordinator, marked, status, updates. The file logged 14 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

20LD00: The case tracker lists 18 pending references for the briefing. Its next action item repeats: For this revised scenario, use the relevant quantitative passage in this document to determine the outcome concerning cruz and wants. Should the team settle the item before the 10:00 meeting? Supporting materials were archived with the case file. A supplementary review continued to discuss case, tracker, lists, pending. The file logged 22 related references during the reporting period and grouped them with the same subject area. Staff compared the notes with earlier updates before preparing a short follow-up. The next review will revisit the topic after the remaining references are confirmed.

1t81: The records team prepared a detailed briefing note about for, this, revised, scenario, use. It logged 49 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 13:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

65Y205: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 22 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

2498: The coordination office recorded 53 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 13:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

68/P8: Record 41-331. The file preserves the following case entry: Carlos has 14 cans of paint in his garage. Each can of paint can cover 19 chairs. Carlos wants to repaint enough chairs to use up all his paint. If each row holds  $(2 + 5)$  chairs, how many rows of chairs should he repaint? The entry was retained with the case materials for review.

N#71: For the current case, the field liaison assembled 21 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 10:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

40E150: A liaison maintained 49 reference points for the discussion of for, this, revised, scenario, use. These notes include meeting times, routing details, and short descriptions of the questions received from each team. Can the liaison provide a decision-ready update before the 10:00 review? The notes remain available for the next review. The liaison will preserve the references for comparison with the complete scenario.

8761: The field liaison added 26 items to a tracking sheet related to for, this, revised, scenario, use. Each item records a local observation and a pending action, so the sheet serves as context for the broader case. Staff asked whether the open question could be closed during the 9:00 session. The note was retained for the next review. The next report will note any follow-up needed from the participating teams.

S&30: The coordination office prepared a detailed briefing note about for, this, revised, scenario, use. It logged 41 related references from prior updates and retained them in chronological order. The note was retained for the next review. Could the open item be reviewed before the 9:00 checkpoint? The coordinator will attach source material after the remaining references are verified.

88F398: Record 85-562. The file preserves the following case entry: Rohan has ¥82.3 and wants to buy  $(7 + 15)$  bolts from a hardware store. Each bolt costs ¥0.65. How much money does Rohan have left after paying for the bolts? The entry was retained with the case materials for review.

C#90: A working summary for for, this, revised, scenario, use was circulated among the field liaison. The summary lists 57 observations, dates, and follow-up comments that may be relevant to later discussion. The note was retained for the next

review. Staff were asked to preserve the wording of each observation. A subsequent update will identify which materials require a formal response.

K#99: The planning group recorded 41 status entries connected with for, this, revised, scenario, use. Several entries mention quantities, schedules, or prior decisions, but they were entered as separate administrative references. Could a reviewer settle the current request by 16:00? The note records the entries in the order received. The case owner will compare the status entries with the supporting materials during the next review.

D&35: Record B6-559. The file preserves the following case entry: Kofi has \$82.3 and wants to buy  $(24 + 31)$  screws from a bin at the hardware store. Each screw costs \$0.26. How much money does Kofi have left after paying for the screws? The entry was retained with the case materials for review.

64C754: For the current case, the planning group assembled 59 background notes concerning for, this, revised, scenario, use. The notes document questions raised by different participants and preserve the times at which they were received. One follow-up asks if the requested result should be discussed at 17:00, while staff prepare the next review. The file remains open while staff check the original observations. A later memo will summarize which issues were resolved.

7564: Record 7E-420. The file preserves the following case entry: What percentage of a 10-hour day do janitors spend cleaning floors if they have to clean 210 floors in total in the number of days from 12/22 this year to 1/1 next year, with each floor taking a span in minutes running from 11:51 PM to 12:11 AM to clean? The entry was retained with the case materials for review.
